Agnes, only ten years old, slender and shaking, but wild with righteousness, until now held in thrall by her own fear, by the memory of all the beatings that she herself has taken. She screams at their father and strikes him with a book she's brought from the house. The Bible. She strikes their father with the Bible, from which he's read to them every night of their lives. He drops the roses, tears the holy book out of Agnes's hands, and pitches it across the yard. He rakes up a handful of the scattered roses, intending to make his son resume this dinner of sin, but here comes Agnes once more, the Bible recovered, brandishing it at him, and now she says what all of them know to be true but what none of them has ever dared say, what even Agnes herself will never again dare to say after this day, not while the old man lives, but she dares to say it now, holding the Bible toward him, so he can see the gold-embossed cross upon the imitation-leather cover. "Murderer," Agnes says. "Murderer." And Edom knows that they're all as good as dead now, that their father will slaughter them right here, right this minute, in his rage. "Murderer," she says accusingly, behind the shield of the Bible, and she doesn't mean that he is killing Edom, but that he killed their mother, that they heard him in the night, three years before, heard the short but awful struggle, and know that what happened was no accident. Roses fall from his skinned and pierced hands, a flurry of petals yellow and petals red. He rises and takes a step toward Agnes, his dripping fists crimson with his blood and with Edom's. Agnes doesn't back away, but thrusts the book toward him, and scintillant sunlight caresses the cross. Instead of tearing the book out of her hands again, their father stalks away, into the house, surely to return with club or cleaver ... yet they will see no more of him this day. Then Agnes-with tweezers for the thorns, with a basin full of warm water and a washcloth, with iodine and Neosporin and bandages-kneels beside him in the yard. Jacob, too, comes forth from the dark crawlspace under the porch, having watched in terror from behind the latticework skirt. He is shaking, crying, flushed with embarrassment because he didn't intervene, although he was wise to hide, for the disciplinary beating of one twin usually leads to the pointless beating of the other. Agnes gradually settles Jacob by involving him in the treatment of his brother's wounds, and to Edom she says, often thereafter, "I love your roses, Edom. I love your roses. God loves your roses, Edom." Overhead, agitated wings quiet to a soft flutter, and the shrieking crows grow silent. The air pools as still and heavy as the water in a hidden lagoon within a secret glade, in the perfect garden of the unfallen....."That's obvious to us, but not always to others. Apparently, this would have been some years ago." For just one hour, which was not too taxing, he walked in the idea of a world where he had healthy eyes, and shared the vision of other Barty's in other places, so he would be able to see his bride as she walked down the aisle and as, beside him, she took their vows with him, and as she held out her hand to receive the ring..Stopping at the door without opening it, Vanadium turned to stare at Junior, but said nothing.."Better hurry," Wally advised, gracing Celestina's other cheek with a dryer kiss..When she looked up from Barty, she saw the attorney with his hands full of documents. "Surprise? I know what's in Joey's will."..Neither guilt nor remorse plagued him. Good and bad, right and wrong, were not issues to him. Actions were either effective or ineffective, wise or stupid, but they were all value neutral..This rosarium was Edom's only relationship with nature that did not inspire terror in him. Agnes believed that Joey's enthusiasm for the restoration of the garden was, in part, the reason why Edom had not tamed as far inward as Jacob and why he'd remained better able than his twin to function beyond the walls of his apartment..His conscience as a craftsman would not let him fault the carpentry of the ship in any way; but his conscience as a wizard told him he could put a hex on her, a curse woven right into her beams and hull. Surely that was using the secret art to a good end? For harm, yes, but only to harm the harmful. He did not talk to his teachers about it. If he was doing wrong, it was none of their fault and they would know nothing about it. He thought about it for a long time, working out how to do it, making the spell very carefully. It was the reversal of a finding charm: a losing charm, he called it to himself. The ship would float, and handle well, and steer, but she would never steer quite true..quiet pool, sweet with the fragrance of jasmine. Under the huge spreading oak. Grass oiled to a glossy green by the..In his smooth whiteness, Junior felt a pressure on his eyes, and then came visual hallucinations, disturbing his deep inner peace. He felt someone peel up his eyelids, and Bob Chicane's worried face-with the sharp features of a fox, curly black hair, and a walrus mustache-was inches from his..THE RAIN THAT HAD threatened to wash out the morning funeral finally rinsed the afternoon, but by nightfall the Oregon sky was clean and dry. From horizon to horizon spread an infinity of icy stars, and at the center of them hung a bright sickle moon as silver as steel..Thus armored, he at last arrived in the city of Sacramento, an hour before dawn. Sacramento, which means "sacrament" in Italian and in Spanish, calls itself the Camellia Capital of the World, and holds a ten-day camellia festival in early March-already advertised on billboards now in mid-January. The camellia, shrub and flower, is named for G. J. Camellus, a Jesuit missionary who brought it from Asia to Europe in the eighteenth century..Everyone thought the moptops were the coolest thing ever-ever but to Junior, their music was just all right. He wasn't stirred to sing along, and he didn't find their stuff particularly danceable..That Olympian purge had, however, made him appear to be both emotionally and physically devastated by the loss of his wife. He couldn't have calculated any stratagem more likely to convince most.O foolish writer. Now moves. Even in storytime, dreamtime, once-upon-a time, now isn't then..Perhaps the paramedic had given him an injection, a sedative. the howling ambulance rocked along on this most momentous day, Junior Cain wept profoundly but quietly--and achieved temporary peace in a dreamless sleep.."Science. Quantum mechanics. Which is a theory ... of physics. But by theory, I don't mean just wild speculation. Quantum mechanics works. It underlies the invention of television. Before the end of this century, perhaps even by the '80s, quantum-based technology will

give us powerful and cheap computers in our homes, computers as small as briefcases, as small as a wallet, a wristwatch, that can do more and far faster data processing than any of the giant lumbering computers we know today. Computers as tiny as a postage stamp. We'll have wireless telephones you can carry anywhere. Eventually, it will be possible to construct single-molecule computers of enormous power, and then technology-in fact, all human society-will change almost beyond comprehension, and for the better." "I never spoke with God--Nor visited in Heaven--Yet certain am I of the spot--As if the Checks were given." With great deliberation, Joey shifted gears and followed the drive way to the street, where he peered left and then right with the squint-eyed suspicion of a Marine commando scouting dangerous territory. He turned right..In spite of its dazzle, the detective's smile was nonetheless melancholy, proof that he was sincere when he said that Seraphim's baby was beyond their reach.."It's just ... the last time I saw him, he trapped me in a corner and told this god awful story, far more than I wanted to know, about some British murderer back in the forties, this monstrous man who beat people to death with a hammer, drank their blood, then disposed of their bodies in a vat of acid in his workroom." He shuddered..Although the only light on the back porch came from the pale beams that filtered out through the curtains on the kitchen windows, all these faces seemed luminous, almost preternaturally aglow, like the kiln-fired countenances of saints in a dark church, lit solely by the flames of votive candles. The rain-a music of sorts, and the jasmine and incense, and the moment sacred..They were childless. It had to be that way. Truthfully, Paul felt no regrets about missing out on fatherhood. Because they were a family of two, they were closer than they might have been if fate bad made children possible, and he treasured their relationship.."Will I love you tomorrow, you mean, and the day after tomorrow, and on forever? Of course, forever, Wally, always." Turning to face his four trailing escorts, all of whom were hunch shouldered and stiff-necked with tension, Barty said, "What's for dinner? ". "Chateau Le Bucks, 1886. We can have a bottle of that or you could buy a new car, and personally I believe thirst comes before transportation." He stopped straining to see through the black room to the corner armchair. He closed his eyes and tried to lull himself to sleep by summoning into his mind's eye a lovely but calculatedly monotonous scene of gentle waves breaking on a moonlit shore..Instead, he sat in the breakfast nook with his phone books and resumed the grueling search for Bartholomew..Previously, Miss Pixie Lee had been from Texas, but Angel had recently heard that Georgia was famous for its peaches, which at once captured her imagination. Now Pixie Lee had a new life in a Georgia mansion carved out of a giant peach..Maria stopped praying with her knuckle rosary and resorted to a long swallow of wine.."The pepper tree had been whispering in the breeze, the roses nodding their bright heads. Now a stillness came into the cemetery, as if rising from beneath the grass, from out of that city of the lost..Harmless though they were, the sight of them, swaddled and for the most part concealed, first troubled him and then quickly brought him --inexplicably, irrationally, undeniably--to the trembling edge of outright fear..Instead, she saw Phimie reborn. She saw, as well, a child endangered. Somewhere out there was a rapist capable of extreme cruelty and violence, a man who would--if Phimie was correct--react unpredictably if ever he learned of his.As shaken as she had been at Phimie's side, she couldn't trust her memory. Perhaps she hadn't seen what she thought she'd seen..Considering Junior's actions on his last night in Spruce Hills, eleven months ago, he must be cautious now. Without incriminating himself, pretending ignorance, he hoped to learn if his carefully planned scenario, regarding Victoria's death and Vanadium's sudden disappearance, had convinced the authorities-or whether something had gone wrong that might explain the quarter at the diner..With Naomi, sex had been glorious, because they were bonded on multiple levels, all deeper than the mere physical. They had been so close, so emotionally and intellectually entwined, that in making love to her, he'd been making love to himself; and he would never experience a greater intimacy than that.."She was a hero, just like you. I wanted you ... I wanted you to see her and to know her name. Perri Damascus. That was her name." In all their years, neither twin had ever set foot beyond the limits of Bright Beach. They both appeared nervous but determined..This Dry Sack-assisted effort at recollection, however, brought back to him one thing in addition to all the sweet lubricious images of Seraphim naked. The voice of her father. On the tape recorder. The reverend droning on and on as Junior pinned the devout daughter to the mattress..where everyone spoke a single language and had all the blueberry pies they needed..The poster announced an upcoming show, titled "This Momentous Day," by the young artist calling herself Celestina White. Dates for the exhibition were Friday, January 12, through Saturday, January 2 7..His daughter, his affliction, his millstone, granddaughter of the boil-giving voodoo Baptist ....The receptionist, Rebecca, had stayed late, just to keep company with Barty in the waiting room. As she settled into a chair beside the boy, he asked her if she knew what gravity was on Mars, and when she confessed ignorance, he said, "Only thirty-seven percent what it is here. You can really jump on Mars." Darkrose and Diamond."It's just that you never know what anyone's hand has been up to recently," Jacob explained. "That respectable banker down the street might have thirty dismembered women buried in his backyard. The nice church-going lady next door might be sleeping in the same bed with the rotting corpse of a lover who tried to jilt her, and for a hobby she makes jewelry from the finger bones of preschool children she's tortured and murdered." The white Buick glided through the tides of fog like a ghost ship plying a ghost sea..And somewhere Selma Galloway, their neighbor, was not a spinster but a married woman with grandchildren.."Poker." Keeping his hands high, like a penitent confessing sin at a revival meeting and asking God to wash him clean, Obadiah said, "My specialty was close-up magic. Oh, I pulled a rabbit out of a hat more than once, silk scarves from thin air, doves from silk scarves. But close was my love. Coins, but mostly ... cards." He stashed two suitcases full of clothes and toiletries-plus the contents of Pinchbeck's safe-deposit box-in the van, and then added those precious items that he'd be loath to lose if the hit on Bartholomew went wrong, forcing him to leave his Russian Hill life and flee arrest. The works of Caesar Zedd. Sklent's three brilliant paintings. The needlepoint pillows, to which he'd colorfully applied the wisdom of Zedd, constituted the bulk of this collection of bare essentials: 102 pillows in numerous shapes and sizes, which he had completed in just thirteen months of feverish stitchery--When he noticed a blonde staring at him from a nearby booth, he smiled and winked at her. Although she was not attractive enough to meet his standards, there was no reason to be impolite..IN GOOD DARK SUITS, clean-shaven, as polished as their shoes, carrying valises, the three arrived in Junior's hospital room even before the usual start of the working day, wise men without camels, not bearing gifts, but willing to pay a price for grief and loss. Two lawyers and a high-level political appointee, they represented the state, the county, and the insurance company in the matter of the improperly maintained railing on the observation platform at the fire tower..Smiling, pulling the blanket more tightly around herself, she said, "You look after your old mom, don't you?" As Nolly hung his raincoat and his porkpie hat on a rack by the hall door, Kathleen Klerkle appeared in the entrance to the nearest of the two treatment rooms. "Are you ready to suffer?" And although Simon would have denied it, would even have joked that a conscience was a liability for an attorney, he possessed a moral compass. When he traveled too far along the wrong trail, that

magnetized needle in his soul led him back from the land of the lost. Ten months later, Simon called again, also regarding Cain, but this time the attorney was the client, and Cain was the target. What Simon wanted Nolly to do was strange, to say the least, and it could be construed as harassment, but none of it was exactly illegal. And for two years, beginning with the quarter in the cheeseburger, ending with the coin-spitting machines, all of it had been great fun. After prying Junior out of the meditative position, Chicane pushed him onto his back and vigorously--indeed, violently--massaged his thighs and calves. "Really bad muscle spasms," he explained. She looked down at her clenched hands. Made for work, these hands, and always ready to take on any task. Strong, nimble, reliable hands, but useless to her now, unable to perform the one miracle she needed. "Barty's birthday is in eight days. I was hoping. . .". The aging, fugitive Nazi had been replaced at the front desk by a woman with messily chopped blond hair, a brutish face, and arms that would dissuade Charles Atlas from challenging her. She changed a five-dollar bill into coins for the vending machines and snarled at him only once in strangely accented English. They were inseparable, her son and this cherished girl, as they had been virtually since the moment they had met, more than six years ago. The special perception that they shared--all the ways things are--accounted for part of their closeness, but only part. The bond between them was so deep that it defied understanding, as mysterious as the concept of the Trinity, three gods in one. Barty's math and reading skills exceeded those of most eighteen year-olds, but regardless of his brilliance, he was a few days shy of his third birthday. Prodigies were not necessarily as emotionally mature as they were intellectually developed, but Barty listened with sober attention, asked questions, and then sat in silence, staring at the book in his hands, with neither tears nor apparent fear. His words echoed back to her from July: My cold's just here, not every place I am. No one was surprised by his proposal, her acceptance, and the wedding. Barty and Angel were both eighteen when they were married in June of 1983. "My God," Junior said, pretending that his befuddlement had faded and that his mind had just now clarified, "you think Naomi was murdered, don't you?". Lifted from his despair by this exhilarating wrath, Junior turned away from the mirror, looking for the bright side once more. Perhaps it was the bathroom window. She cupped his face in both of her hands and was barely able to lift his head, for fear of what she would see. Junior was impressed and delighted by her clever assumption of it strictly professional voice and demeanor, which convincingly masked her intense desire. Sweet Victoria was a worthy conspirator. "Only for a little while. Then he is joining me at the gallery, and after the show's over, we're having dinner together." Junior approached the headstone from behind, circled it, and shone the flashlight on the chiseled facts: Neddy, dressed for work but overdressed for his own funeral, slumped against the wall, head bowed, chin on his chest. His pale hands were splayed at his sides, as though he were trying to strike chords from the floor tiles. The boy dashed for the front passenger's door. Agnes didn't follow him, because she knew that he would politely but pointedly express frustration if any attempt was made to help him with a task that he could perform himself. "I'm not a burglar, Mr. Cain. No client has enough money to make me risk prison. Besides, even if you could steal their files, you would probably discover that the babies' identities are coded, and without the code, you'd still be nowhere." Now he shuffled the first of the four decks precisely as he had shuffled the first deck on Friday evening, and he set it aside. A forgetful client had left the bumbershoot in the office six months ago. Otherwise, Nolly wouldn't have had any umbrella at all. And so at the age of thirty-one, after more than twenty-eight years of blindness with a few short reprieves, Barty Lampion received the gift of sight from his ten-year-old daughter. 1996 through 2000: Day after day, the work was done in memory of Agnes Lampion, Joey Lampion, Harrison White, Seraphim White, Jacob Isaacson, Simon Magusson, Tom Vanadium, Grace White, and most recently Wally Lipscomb, in memory of all those who had given so much and, though perhaps still alive in other places, were gone from here. Tom said, "Now I'm going to add a human touch and a spiritual spin to all this. When each of us comes to a point where he has to make a significant moral decision affecting the development of his character and the lives of others, and each time he makes the less wise choice, that's where I myself believe a new world splits off. When I make an immoral or just a foolish choice, another world is created in which I did the right thing, and in that world, I am redeemed for a while, given a chance to become a better version of the Tom Vanadium who lives on in the other world of the wrong choice. There are so many worlds with imperfect Tom Vanadiums, but always someplace ... someplace I'm moving steadily toward a state of grace." Month by month during Barty's first year, Agnes's belief in his exceptional intelligence was only confirmed by his development. By the end of the second month of life, most babies will smile in response to a smile, and they are able to smile spontaneously in the fourth month. Barty was smiling frequently in his second week. In the third month, many babies laugh out loud, but Barty's first laugh came in his sixth week. A sofa and one armchair provided the seating in the living room. No coffee table. A small table beside the chair. A wall unit held a fine stereo system and a few hundred record albums. Although he considered tearing up the letter and throwing it away he knew that his perceptions were clouded by grief and that what he'd written might seem fine if he reviewed it in a less dark state of mind. He returned the letter to the envelope and put it in the drawer of his nightstand. The machine, one in a bank of four, wasn't filled with ordinary newspapers, which cost only a dime, but with a raunchy tabloid aimed at heterosexual swingers. We have inhabited both the actual and the imaginary realms for a long time. But we don't live in either place the way our parents or ancestors did. Enchantment alters with age, and with the age. Neither Agnes nor Edom knew of Jacob's great skill with cards. He had been discreet about his apprenticeship with Obadiah, and for almost twenty years, he'd resisted the urge to dazzle his siblings with his expertise.
