The weather was good, so he went for a walk, though he crossed the street repeatedly to avoid passing newspaper-vending machines..Barty, at the head of the table, sensed Mary's approach only as she was about to touch him. She put a hand on his arm and said, "Daddy, will you turn your chair away from the table and let me sit on your lap?". Before he searched the bedroom, Vanadium walked quickly back through the rooms that he had already inspected, suddenly remembering the three bizarre paintings of which Nolly, Kathleen, and Sparky had spoken, and wondering how he could have overlooked them. They were not here. He was able to locate, however, the places on the walls where the art works had hung, because the nails still bristled from the pocket plaster, and picture hooks dangled from the nails..The six-foot-tall statue was of a nude woman, formed from scrap metal, some of it rusted and otherwise corroded. The feet were made from gear wheels of various sizes and from bent blades of broken meat cleavers. Pistons, pipes, and barbed wire formed her legs. She was busty: hammered soup pots as breasts, corkscrews as nipples. Rake-tine hands were crossed defensively over the misshapen bosom. In a face sculpted from bent forks and fan blades, empty black eye sockets glared with hideous suffering, and a wide-mouthed shriek accused the world with a silent but profound cry of horror..More likely than not, Victoria spoke directly to

the maniac detective. Even if she reported her sordid fabrications to another officer, it would have gotten back to Vanadium, and the cop would have sought her out at once to hear her filth firsthand, whereupon she would have enhanced her story until it sounded as though Junior had grabbed her knockers and had tried to shove his tongue down her throat..Because he kept imagining the stealthy sounds of a dead cop rising in vengeance behind him, Junior switched on the radio. He tuned in a station featuring a Top 40 countdown..He swept the immediate area with the flashlight, and shadows spun with shadows, waltzing spirits in the ballroom of the night..The birthmarked man identified himself as Detective Thomas Vanadium. He did not use the familiar, diminutive form of his name, as had the doctor, and his voice was as uninflected as his face was flat and homely..straddles him, driving big fists into his back, brutally into his sides. With high fences and hedgerows of Indian laurels."This is most incommensurate," Junior said, recalling the word from a vocabulary-improvement course, without need of ice applied to the genitals..Throughout the evening, Barty and Angel-sitting side by side and across the table from Paul-listened to the adults at times and occasionally joined in the larger conversation, but primarily they talked between themselves. When the kids' heads weren't together conspiratorially, Paul could hear their chatter, and depending on what else was being discussed around the table, he sometimes tuned in to it. He picked up on the word rhinoceros, tuned in, tuned out, but a couple minutes later, he dialed back in when he realized that Celestina, sitting two places farther along the table from him, had risen from her chair and was staring in amazement at the kids..This momentous day, he thought, and he shook with sudden terror at the inevitability of new beginnings..Grimacing, she said, "I told the police about your disgusting little come--on with the ice spoon..".He was unconscious, wired to a heart monitor, pierced by an intravenous-drip line. Clipped to his septum, an oxygen feed hissed faintly, and from his open mouth rose the barely audible wheeze of his breathing..Even in this soft light, Nolly could see that she was blushing like a young girl. She glanced around at the nearby tables..Paul shook his head. He presented a second picture of Perri, this one taken on Christmas Day, 1964, less than a month before she died. She lay in her bed in the living room, her body shrunken, but her face so beautiful and alive..In the kitchen, he fussily avoided the blood and stepped around Victoria to switch off both ovens. He killed the gas flame under the large pot of boiling water on the cook top..Now out of the kitchen, along the hall, and up the stairs, two at a time, into Victoria's bedroom. Not with the intention of snaring a perverse souvenir. Merely to find a blanket..He was able to search five pages at a sitting before his head began to ache. He'd been putting in two sessions each day, starting this past Tuesday. Four thousand names a day. Sixteen thousand total when he finished the fifth of this evening's pages..Spinning off the stool, the bun cap in one hand and the mustard dispenser clutched in the other, Junior surveyed the long narrow diner. Looking for the maniac cop. The dead maniac cop. He half expected to see Thomas Vanadium: head crusted in blood, face bashed to pulp, caked in quarry silt, and dripping water as though he'd climbed out of his Studebaker coffin just minutes ago..With the stocky detective looming, Junior wasn't able to stroke his imagination into an erotic mood. In his mind's eye, Victoria's ample bosom remained concealed behind a starched white uniform.. "For one thing, jurors might conclude that the authorities never really suspected you and tried to frame you for murder to conceal their culpability in the poor maintenance of the tower. By far, most of the cops think you're innocent anyway..".Although the mummifying fog wound white mysteries around even the most ordinary objects and wrapped every citizen in anonymity, Vanadium preferred to approach the apartment building with utmost discretion. Whatever the length of his stay in this place, he would never arrive or depart through the front door or even through the basement level garage-until perhaps his last day..The police. The stupid police. Ringing the bell when they knew he'd been shot. Ringing the damn doorbell when he lay here helpless, the Industrial Woman lurching toward him, his toe on the other side of the kitchen, ringing the doorbell when he was losing enough blood to give transfusions to an entire ward of wounded hemophiliacs. The stupid bastards were probably expecting him to serve tea and a plate of butter cookies, little paper doilies between each cup and saucer..What didn't come as a surprise to Paul was Agnes's determination that the Whites, during their period of lying low, should stay with her and Barty..Out of respect for his mother, Barty struggled to hold fast to his eyeless second sight, living in the idea of a world where he still had vision, until she had been accorded the honors she deserved and had been laid to rest beside his father..With a tenderness that surprises and moves Celestina, the tall nurse closes the dead girl's eyes. She opens a fresh, clean sheet and places it over the body, from the feet up, covering the precious face last of all..The fact that Barty saw twisty spots with either eye closed had prepared Agnes for this bleak news. Yet in spite of the defense that foreknowledge provided her, the teeth of sorrow bit deep..This sight that might inspire celebration among sailors was denied to Barty, who rode in the backseat with Agnes. Neither could he see how the crimson sky studied its painted face in the mirror of the ocean, nor how a burning blush shimmered on the waves, nor how the veil of night slowly returned modesty to the heavens.. "Nature has no maternal instincts," Edom said quietly but with conviction. "To think otherwise is sheer sentimentality at its worst. Nature is our enemy. She's a vicious killer."
