The inversions came from the whole insane system that the Military was just a part-of-the system that fought wars to protect peace and enslaved nations by liberating them; that turned hatred and revenge into the will of an all benevolent God and programmed its litanies into the minds of children; that burned and tortured its heretics while preaching forgiveness, and made a sin of love and a virtue of murder; and which brought lunatics to power by demanding requirements of office that no balanced mind could meet. "Ah, yes, Fallows." He gestured toward the screen he had been studying. "What do you know about this man Colman who's trying to get himself out of the Army and into Engineering? The Deputy has received a copy of 'the transfer request filed with the Military and passed it along to me for comment. It seems that this Colman has given your name as a reference. What do you know about him?" The inclined chin and the narrowing of the Gothic eyebrows were asking silently why any self-respecting echelon-four engineering officer would associate with an infantry sergeant..Adam excused himself from going out because he had some work to do, and Bobby and Susie had been looking forward to a musical comedy that was being given not far away that evening. Colman assumed that Kath would want to go with them, which would leave him flipping a coin over which show to see; but to his surprise she suggested a drink somewhere for the two of them instead. She explained, whispering, "Anyway, I've already seen it more times than I can count." So who was he to turn it down? Colman asked himself. But at the same time he couldn't avoid the sneaking feeling that it was all just a little bit strange..Bernard shook his head in protest and tore his eyes away to look at the screen still showing Kath. There had been too much to think about in too little time. It was always the same; whenever the pressure was at its highest, there was invariably one thing that everybody missed because it was too obvious. "I'm not interested in anything like that. I just want to hear about someone who lived there and came from there. Where did you come from?"..She continued on her rounds..Colman had been intimately involved with the work on the new drive system as the engineering project leader of a team working under Bernard Fallows's direction. He had brought Kath and their four-year-old son Alex up to the ship to be present with him at the unveiling ceremony being held in the main concourse of the new nose section. Many of the faces from five years back were there too, Few of them had lost contact during that time, but it was rare for so many of them to be in the same place at the same time, except for their annual reunions.
