THE CRISP CRACKLE of faux flames, the way they made them in the days of radio dramas, back in the 1930s and '40s, when he was a boy: cellophane..Edom and Jacob arrived, dinner was served, and while the food was wonderful, the conversation was better-even though the twins occasionally shared their vast knowledge of train wrecks and deadly volcanic eruptions. Paul didn't contribute much to the talk, because he preferred to bask in it. If he hadn't known any of these people, if he had walked into the room while they were in the middle of dinner, he would have thought they were family, because the warmth and the intimacy-and in the twins' case, the eccentricity-of the conversation were not what he expected of such newly made friends. There was no pretense, no falsity, and no avoidance of any awkward subject, which meant there were sometimes tears, because the death of Reverend White was such a fresh wound in the hearts of those who loved him. But in the healing ways of women that remained mysterious to Paul even as he watched them do. Indeed, as Celestina and the kid reached the foot of the steps to this second house, Bartholomew pointed, and the woman turned to look back. She appeared to stare straight at the Mercedes, though the fog made it impossible for Junior to be sure..than the left: slack yet with a pulled look. The left eyelid drooped. That side of her."New York City, March 25, 1911, the Triangle Shirtwaist factory fire-one hundred forty-six dead."Only now, as the tide of adrenaline began to ebb, Paul wondered who could possibly have wanted to kill a man of peace and God, a man as good as Harrison White..Vanadium understood the depth of his old friend's pain, and he knew that the anguish over the loss of a child could make the best of men act out of

emotion rather than good judgment, and so he accepted Harrison's preference to let the matter rest. When enough time passed for reflection, what Vanadium ultimately decided was that of the two of them, Harrison was much the stronger in his faith, and that he himself, perhaps for the rest of his life, would be more comfortable behind a badge than behind a Roman collar. "You feel remorse, though," said Agnes. "I can see you do. And not just because of what happened to your hands." Paul stayed with her, sometimes wincing at the ground as though the danger were there, not above-which, in a sense, it was, because impact rather than the fall itself is the killer-and at other times putting his arms around her, staring up at the boy above. But he, too, was silent. Sitting on the edge of the bed, taking his hand, she stared at his sweet little bow of a mouth, whereas before she would have met his eyes. "Tell me." "Less than a year and a half ago, Hurricane Flora--she killed over six thousand in the Caribbean." In spite of his dumpy appearance-and especially in the dark, where appearances didn't count-Vanadium had the aura of a mystic. Although Junior didn't believe in mystics or in the various unearthly powers they claimed to possess, he knew that mystics who believed in themselves were exceptionally dangerous people. Meanwhile, before they needed to plan the wedding, there was time for an orange soda and a root beer, and more of Dr Jekyll and Mr Hyde. Tom was aware that something had happened here during the past week, an important development that Celestina mentioned on the phone but that she declined to discuss. He didn't harbor any expectations of what he'd find when she escorted him and Wally into the Lampion dining room, but if he'd tried to imagine the scene awaiting him, he wouldn't have pictured a scene. Tom was an Oregon State Police detective, as far as Celestina knew, and she didn't understand what he was doing here. He was a pretty good detective, but as regarded the minutiae of daily life, he wasn't as organized as he would like to be. He never remembered to set aside his holey socks for darning; and once he had worn a hat with a bullet hole in it for nearly a year before he'd at last thought to buy a new one. Turning his attention to Barty, Obadiah broke into a smile, revealing a gold upper tooth. "Something here is sweeter than that lovely pie. What's the child's name?" The can struck Junior hard in the face, breaking his nose, before he could duck. During the preparation of the cards, Barty had fallen asleep in his mother's arms, but with the revelation of his name on the ace, he had awakened again, perhaps because with his head resting on her bosom, he was alarmed by the sudden acceleration of her heartbeat. Wally's own house was in the same neighborhood, a block and a half away, a three-story Victorian gem that he entirely occupied. Junior knew that he looked as guilty as any man had ever looked this side of the first apple and the perfect garden. The sweating, the spasms of violent tremors, the defensive note that he could not keep out of his voice, the inability to look anyone directly in the eyes for more than a few seconds-all were telltales that none of these professionals would overlook. He desperately needed to get a grip on himself, but he couldn't find a handle. Eventually Agnes came to suspect that for all the pleasure the boy took in math and for all his aptitude with numbers, his greatest gift and his deepest passion lay elsewhere. He was finding his way toward a destiny both more astonishing and stranger than the lives of any of the many prodigies about whom she'd read. Another stiff might have required dragging; but Neddy weighed hardly more than a five-foot-ten breadstick. Junior hauled the body off the ground and slung it over one shoulder in a fireman's carry. Snap, snap, snap! Three more quarters ricocheted off the left side of his face-temple, cheek, jaw. Dr. Salk returned the photos, put a hand on Paul's shoulder, and smiled. "But that's always the way, you see? Heroes always get back more than they give. The act of giving assures the getting back." Junior intended to pack only a single bag, leaving most of his clothes behind. He could afford a fine new wardrobe.
