Grace, proving again the aptness of her name, said the one thing most likely, in time, to bring true peace to Celestina. "Remember Bartholomew.".He tried to lean back as he dropped, with the hope that he would fall under her, providing cushion if they met with sidewalk instead of lawn..Once he had toured the exhibition, managing not to shudder openly, he tried to hang out within hearing distance of Celestina White, but without appearing to be listening with special intensity..Having gotten the new roof for them at cost, Agnes subsequently put together donations from a dozen individuals and one church group to cover all but two hundred dollars of the outlay..On this January twilight, as Maria Elena Gonzalez drove south along the coast from Newport Beach, all men of the sea must have been reaching for bottles of rum to celebrate the fruit-punch sky: ripe cherries in the west, blood oranges overhead, clustered grapes dark purple in the east.."Yes," she assured him, though her gaze had dropped from his mouth to his hand, so small, which she held in hers..He opened the solid doors on the bottom of the breakfront, did not find what he was looking for, checked in the sideboard next, and there it was, a small liquor supply. Scotch, gin, vodka. He selected a full bottle of vodka..AS MEANINGFUL AS Jacob's death had been within the small world of his family, Agnes Lampion never lost sight of the fact that there were more resonant deaths in the larger

world before 1968 ended and the Year of the Rooster followed. On the fourth of April, James Earl Ray gunned down Martin Luther King on a motel balcony in Memphis, but the assassin's hopes were foiled when, because of this murder, freedom grew more vigorously from the richness of a martyr's blood. On June 1, Helen Keller died peacefully at eighty-seven. Blind and deaf since early childhood, mute until her adolescence, Miss Keller led a life of astonishing accomplishment; she learned to speak, to ride horses, to waltz; she graduated cum laude from Radcliffe, an inspiration to millions and a testament to the potential in even the most blighted life. On June 5, Senator Robert F. Kennedy was assassinated in the kitchen of the Ambassador Hotel in Los Angeles. Unknown numbers died when Soviet tanks invaded Czechoslovakia, and hundreds of thousands perished in the final days of the Cultural Revolution in China, many eaten in acts of cannibalism sanctioned by Chairman Mao as acceptable political action. John Steinbeck, novelist, and Tallulah Bankhead, actress, came to the end of their journeys in this world, if not yet in all others. But James Lovell, William Anders, and Frank Borman—the first men to orbit the moon—traveled 250,000 miles into space, and all returned alive. Adoption records would have been kept as secret from Celestina as from everyone else. But perhaps she knew something about the fate of her sister's bastard son that Junior didn't know, a small detail that would seem insignificant to her but that might put him on the right trail at last. In a cabinet above the bench, Junior found a pair of clean, cotton gardening gloves. He tried them on, and they fit well enough. He was immensely weary, limp. He felt oppressed, as though a great weight were piled on him. Even keeping his eyes open was tiring. He considered calling her, but he didn't know what he would say if she answered. "Maybe," said Angel. "Or maybe to The Monkees ... or maybe to where you didn't get run down by the rhinosharush." Eventually he put the quarter on the nightstand, switched off the lamp, and slipped into bed. He found it difficult to make a painful personal revelation sound sincere when delivered in a shout, but he managed well enough to bring a shine of tears to her eyes: "Part of my left foot was shot off in this upcountry sweep we did." The words of Robert Louis Stevenson, well read, poured another time and place into the room as smoothly as lemonade pouring from pitcher into glass. Agnes wanted to reach out and touch him, but she found that she didn't have the strength to raise her arm. She was no longer holding her belly, either. Both hands lay at her sides, palms up, and even the simple act of curling her fingers required surprising effort and concentration. demons: hypodermoclysis ... intravenous oxytocin ... maintain perfect asepsis, and I mean perfect, at all times ... a few oral preparations of ergot as soon as it's safe to give her anything by mouth. For a long time, she stood beside the bed, holding his hand, confident that on some level he was aware of her presence, though he gave no indication whatsoever that he knew she was there. His inner turmoil boiled ever more fiercely, and the external evidence of it grew more obvious. In the cool air of the fading afternoon, he perspired as profusely as a man already being strapped into an electric chair; it streamed, gushed. He shook, shook, and he was half convinced that he could hear his bones rattling together like the shells of hard-boiled eggs in a rolling cook pot. As if he'd been presented with many previous photos under these circumstances, Jonas Salk accepted the picture. "Your daughter?" Worse, the people who adopted Seraphim's baby might be anywhere in the nine-county Bay Area. Millions of phone listings to scan. Trying to ignore his phantom toe, which itched furiously, he searched the apartment. He proceeded carefully, determined not to shoot himself in the foot accidentally this time. With his startling combination of a Mediterranean complexion and rust-red hair, his good looks, and his fit physique, Paul had the exotic appearance of a pulp-fiction hero. In particular, he liked to imagine that he might pass for Doc Savage's brother. Fourth and last, he was surprised that Kickmule was a legitimate surname. This information wasn't of immediate importance to him, but if ever his Gammoner and Pinchbeck identities were compromised and he required false ID in a new name, he would call himself Eric Kickmule. Or possibly Wolfgang Kickmule. That sounded really tough. No one would mess with a man named Kickmule. After a long time the door opened and several men came in. He could do nothing against them as they gagged him and bound his arms behind him. "Now you won't weave charms nor speak spells, young'un," said a broad, strong man with a furrowed face, "but you can nod your head well enough, right? They sent you here as a dowser. If you're a good dowser you'll feed well and sleep easy. Cinnabar, that's what you're to nod for. The King's wizard says it's still here somewhere about these old mines. And he wants it. So it's best for us that we find it. Now I'll walk you out. It's like I'm the water finder and you're my wand, see? You lead on. And if you want to go this way or that way you dip your head, so. And when you know there's ore underfoot, you stamp on the place, so. Now that's the bargain, right? And if you play fair I will." The old woman crumpled with a papery rustle, as though she were an elaborately folded piece of origami. She would be unconscious for a while, and after she came around, she probably wouldn't remember who she was, let alone what make of car she'd been driving, until Junior was well out of Eugene. As mentally demanding and stressful as it was to maintain this borrowed sight, the harder thing was looking once more upon her face, after all these years of blindness, only to see her gaunt, so pale. The vital, lovely woman whose image he had guarded so vigilantly in memory would be nudged aside hereafter by this withered version. Out of respect for his mother, Barty struggled to hold fast to his eyeless second sight, living in the idea of a world where he still had vision, until she had been accorded the honors she deserved and had been laid to rest beside his father. The currents of irrational fear, which bring periodic turbulence to virtually every childhood, didn't disturb the smoothly flowing river of Barty's first three years. He showed no fear of the doctor or the dentist. By lunch, he had turned the final page, and he was so full of the tale that he seemed to have no room for food. While his mother kept reminding him to eat, he regaled her with the details of John Thomas Stuart's great adventures with Lummo, as though every word that Heinlein had written were not science fiction, but truth. "Well, actually, I owe Phimie. It's what she said between her two deaths on the delivery table that's changed my life." Although he found Magusson's face sufficiently disturbing that he avoided looking at it more than necessary, and though Magusson's bulging eyes were so moist with bitterness and with need that they inspired nightmares, Junior shifted his gaze from his half-numb hands to his attorney. "Luck? I lost my wife. And my unborn baby." The man's voice echoed hollowly in Junior's ears, as if coming from the far end of a tunnel. Or from the terminus of a death-row hallway, on the long walk between the last meal and the execution chamber. Victoria lay faceup on the floor. The nurse was no longer as lovely as she had been, and perhaps because of early rigor mortis, her grace, which had initially been evident even in death, had now deserted her. Losen, a sea-pirate who called himself King of the Inmost Sea, was then the chief warlord in the city and all the east and south of Havnor. Exacting tribute from that rich domain, he spent it to increase his soldiery and the fleets he sent out to take slaves and plunder from other lands. As Otters uncle said, he kept the shipwrights busy. They were grateful to have work in a time when men seeking work found only beggary, and rats ran in the courts of Maharion. They did an honest job, Otter's father said, and what the work was used for was none of their concern. He didn't wonder about his sanity, either, as a less self-improved man might have done. No madman strives to enhance his vocabulary or to deepen his

appreciation for culture.. "Cancer," he said, because that was more tragic and far less suspicious than a fall from a fire tower.. CELESTINA RETURNED TO Room 724 to collect Phimie's belongings from the tiny closet and from the nightstand.. Could any spell of magic make.. Ghosts. Sklent was an atheist, and yet he believed in spirits. Here's how that works: Heaven, Hell, and God do not exist, but human beings are as much energy as flesh, and when the flesh gives out, the energy goes on. "We're the most stubborn, selfish, greedy, grubbing, vicious, psychotic, evil species in the universe," Sklent explained, "and some of us just refuse to die, we're too hardass to die. The spirit is a prickly bur of energy that sometimes clings to places and people that were once important to us, so then you get haunted houses, poor bastards still tormented by their dead wives, and crap like that. And sometimes, the bur attaches itself to the embryo in some slut who's just been knocked up, so you get reincarnation. You don't need a god for all this. It's just the way things are. Life and the afterlife are the same place, right here, right now, and we're all just a bunch of filthy, scabby monkeys tumbling through an endless damn series of barrels.".. against the operating table. The lights had grown painfully bright, and the air had.. he had sat here with a pencil, making shopping lists. Now, instead of a pencil, there was the Italian-made .22 pistol.. "She. Was eating. Dried apricots." Junior spoke almost in a whisper yet the ridge was so quiet that he had no doubt each of these uniformed but unofficial jurors heard him clearly. "Walking. Around the deck. Paused. The view. She. She. She leaned. Gone.".. She proceeded down the shadowy center aisle, genuflected at the chancel railing, and went to the votive rack.. Tom said, "Now I'm going to add a human touch and a spiritual spin to all this. When each of us comes to a point where he has to make a significant moral decision affecting the development of his character and the lives of others, and each time he makes the less wise choice, that's where I myself believe a new world splits off. When I make an immoral or just a foolish choice, another world is created in which I did the right thing, and in that world, I am redeemed for a while, given a chance to become a better version of the Tom Vanadium who lives on in the other world of the wrong choice. There are so many worlds with imperfect Tom Vanadiums, but always someplace ... someplace I'm moving steadily toward a state of grace.".. As the storm failed to dampen Joey, so the rotating red-and-white beacons on the surrounding police vehicles did not touch him. The.. A few gasps and exclamations. A sweet giggle and applause from Angel. The reactions were surprisingly mild.. "Last I noticed, his car was out. Let me check." Sparky put down his phone and went to look in the garage. When he returned, he said, "Nope. Still out. When he parties, he usually parties late.".. Happiness could grow out of unspeakable tragedy with such vigor that it produced dazzling blooms and lush green bracts. This insight served, for Celestina, as a primary inspiration for her painting and as proof of the grace granted in this world that we might perceive and be sustained by the promise of an ultimate joy to come.. If he hadn't been such a rational, stable, no-nonsense person all of his life, Junior might have thought he was losing his mind.. Admittedly, she had allowed herself to be disturbed by the fall of the cards, too. According them any credibility at all opened the door to full belief.. When the pianist eventually launched into "Someone to Watch over Me," he didn't appear to be responding to a request, considering that a few other numbers had been played since the most recent gratuity. The tune was, after all, in his nightly repertoire.. He spent the afternoon with her and stayed for dinner. He ate at her bedside, feeding both himself and her, balancing the progress of his meal with hers, so they finished together. He'd never fed her before, yet he wasn't awkward with her, or she with him, and later what he remembered of dinner was the conversation, not the logistics.. "Well, maybe you're right," Bellini said somewhat acerbically, before departing, "but then you've had the advantage of an illegal search, while I'm hampered by such niceties as warrants.".. The problem was Celestina in the Buick, because when she saw what was happening, she might slide behind the steering wheel and speed away. The engine was running, white plumage rising from the tailpipe and feathering away in the fog, so she might escape if she was a quick thinker.. Perhaps his sister intuited what Edom was about to say, because she didn't let him get started.. Later, weak and shaken, as he was packing his suitcase, the urge overcame him again. He was astonished to discover that anything could be left in his intestinal tract.. "This is going to be an enormous settlement," the attorney promised. "And there's more good news. County and state authorities have agreed to close the case on Naomi's death. It's now officially an accident.".. With the great tree ninety degrees to his left, he was able to locate the back-porch steps at forty-five degrees. He pointed with the cane, which otherwise he had not used. "The porch?".. From a cutlery drawer, Tom withdrew a knife. The largest and sharpest blade in the small collection.. The lawyer's eyes appeared as round as his face. "Aggie, please don't tell me you've started to share Jacob's ... enthusiasms? ". "Shape-taking?".. Although she already knew that the answer could not be cheerily optimistic, Celestina wondered, "Is the baby likely to be . . . normal?".. He was no longer hopeful that they could have a future together. After sampling the Junior Cain thrill machine, Celestina would want more, as women always did, but the time for a meaningful romance had now passed. For all the anguish he'd been put through, however, he deserved the consolation of her sweet body at least once. A little compensation. Payback.. In the hall that served the two ground-floor apartments, they encountered Rena Moller, the elderly woman who lived in the unit across from theirs. She was polishing the dark wood of her front door with lemon oil, a sure sign that her son and his family were coming to dinner.. Junior's fear gave way to an appreciation for the irony in this situation. Gradually, he regained the ability to smile, tossed the coin in the air, caught it, and dropped it in his pocket.. "Did they rush you straight in here or did you arrange all the insurance matters at reception, Mr. Pinchbeck?".. He halted, made a quick calculation, turned, and moved toward where the back door ought to be. He found it half open.. As the unwanted change pinged against the concrete at his feet, Junior-snap, snap-saw the source of the next two rounds. They spat out of the vertical pay slot on a newspaper-vending machine; one hit his nose, and the other rang off his teeth.. In the glamorous cocktail lounge of this elegant hotel, Junior was necessarily forced to use other of Zedd's techniques-and more brandy--to liberate from his subconscious the name of the caller on the Ansaphone. Max. The caller had said, It's Max.. In his smooth whiteness, Junior felt a pressure on his eyes, and then came visual hallucinations, disturbing his deep inner peace. He felt someone peel up his eyelids, and Bob Chicane's worried face-with the sharp features of a fox, curly black hair, and a walrus mustache-was inches from his.. When she still didn't meet his stare, he seized her by the chin and tipped her head back.. "It's all right," Tom assured her. To Angel, he said, "No, I'm not sad. And you know why?".. For a while he enjoyed being challenged to figure the number of seconds elapsed since a particular historical event. Given the date, he did the calculations in his head, providing a correct answer in as little as twenty seconds, rarely taking more than a minute.. Into the autumn of 1967, Junior reviewed hundreds of thousands of phone listings, and occasionally he located a rare Bartholomew. In San Rafael or Marinwood. In Greenbrae or San Anselmo. Located and investigated and cleared them of any connection with Seraphim White's bastard baby.. Abruptly, Junior Cain turned away from the tower, from the body of his lost love, dropped to his knees, and vomited. Vomited more explosively than he had ever done in the depths of the worst sickness of his life. Bitter, thick, grossly out of proportion to

the simple lunch that he had eaten, up came a dreadfully reeking vomitus. He was untroubled by nausea, but his abdominal muscles contracted painfully, so tightly that he thought he would be cinched in two, and up came more, and still more, spasm after spasm, until he spewed a thin gruel green with bile, which surely had to be the last of it, but was not, for here was more bile, so acidic that his gums burned from contact with it--Oh God, please no--still more. His entire body heaving. Choking as he aspirated a piece of something vile. He squeezed his watering eyes shut against the sight of the flood, but he could not block out the stench..She lost track of him. Fear knocked, knocked, on the door of her heart, because she was sure that he had vanished the way ships supposedly disappeared in the Bermuda Triangle.. "There's no clear evidence of birth defects, but a couple tests reveal some worrisome anomalies. We'll know when we see the child."..Finally wimping out completely, Parkhurst left the room. The heavy door sighed softly shut, silencing the squeak of rubber-soled shoes, the swish of starched uniforms, and other noises made by the busy nurses in the corridor..By the first of November, they moved his mother's bed into the living room, so she could be in the center of things, where always she had been, though they admitted no guests now, only members of their family with its many names..Furious, he squeezed off two shots. Passing the living-room archway, Tom saw Jacob in the armchair, under the reading lamp, slumped as if asleep over the book. His crimson bib confirmed that he wasn't just sleeping..hearts represented either a rival in love or a lover who would betray an enemy who would deeply wound the heart. The knave of diamonds was someone who would cause financial grief. The knave of clubs was someone who would wound with words: one who libeled or slandered, or who assaulted you with mean-spirited and unjust criticism..Friday, January 14, eight days after Joey's death, Agnes closed the sofa bed, intending to sleep upstairs from now on. And for the first time, since coming home, she cooked dinner without resort to friends'.."I know Edom and Jacob have been a burden," said Vinnie, "you having to be responsible for them-".Junior poured half the vodka over the corpse, splashed some around other parts of the kitchen, and spilled the last on the cook top, where it trickled toward the active burner. This was not an ideal accelerant, not as effective as gasoline, but by the time he threw the bottle aside, the spirits found the flame.. "Many claimed Maharion's throne, but none could keep it, and the quarrels of the claimants divided all loyalties. No commonwealth was left and no justice, only the will of the wealthy. Men of noble houses, merchants, and pirates, any who could hire soldiers and wizards called himself a lord, claiming lands and cities as his property. The warlords made those they conquered slaves, and those they hired were in truth slaves, having only their masters to safeguard them from rival warlords seizing the lands, and sea-pirates raiding the ports, and bands and hordes of lawless, miserable men dispossessed of their living, driven by hunger to raid and rob."..From San Francisco south to Orange County Airport on a crowded commuter flight, then farther south along the coast by rental car, Paul Damascus brought Grace, Celestina, and Angel to the Lampion house. "Before we go to my place, there's someone I very much want you to meet. She's not expecting us, but I'm sure it'll be okay."..If Vanadium was watching, however, he would interpret the pitch of the coin to mean that his unconventional strategy was working, that Junior's nerves were frayed to the breaking point. With an adversary as indefatigable as this cuckoo cop, you dared never show weakness..With Barty's presence, Christmas Eve dinners had become even more agreeable, especially this year when he was almost-three-going-on-twenty. He talked about the visits to friends that he and his mother and Edom had made earlier in the day, about Father Brown, as if that cleric-detective were real, about the puddle-jumping toads that had been singing in the backyard when he and his mother had arrived home from the cemetery, and his chatter was engaging because it was full of a child's charm yet peppered with enough precocious observations to make it of interest to adults..An alley opened on Junior's left. He stepped out of the crowd, into this narrow service way shaded by tall buildings, and walked even more briskly, still not quite running because he continued to believe that he possessed the unshakable calm and self-control of a highly self improved man..Vanadium was surely unaware of any connection between Junior and Seraphim White. And now the girl could never talk..With one tiny hand, Barty reached up for his mother. She gave him her forefinger, to which the sugar-bag boy clung tenaciously..On the nightstand waited a glass of water on a coaster and a pharmacy bottle containing several capsules of a potent painkiller..not yet acknowledged, when our flailing species briefly floats insensate between one desperate swim and another.."It's a miracle both of you didn't go through that railing," the attorney agreed..From time to time, he halted, leaning against the walker as if in need of rest. He took care occasionally to grimace-convincingly, not too theatrically---and to breathe harder than necessary.
