He woke, as he always did, in his room in the Great House. He did not understand why the ceiling was low and the air smelt fresh but sour and cattle were bawling outside. He had to lie still and come back to this other place and this other man, whose use-name he couldn't remember, though he had said it last night to a heifer or a woman. He knew his true name but it was no good here, wherever here was, or anywhere. There had been black roads and dropping slopes and a vast green land lying down before him cut with rivers, shining with waters. A cold wind blowing. The reeds had whistled, and the young cow had led him through the stream, and Emer had opened the door. He had known her name as soon as he saw her. But he must use some other name. He must not call her by her name. He must remember what name he had told her to call him. He must not be Irioth, though he was Irioth. Maybe in time he would be another man. No; that was wrong; he must be this man. This man's legs ached and his feet hurt. But it was a good bed, a feather bed, warm, and he need not get out of it yet. He drowsed a while, drifting away from Irioth..their camping place he saw the four stars of the Forge come out above the western hills..As he came down the last slope of the mountain, he had seen houses here and there out in the his bare and narrow little room after a scanty supper of cold pea-porridge -- for this wizard, at. "Maybe he drinks to try to be another man," he said. "To alter, to change..." .pay you -. He sailed up the broad straits till Mount Onn was hidden by the headlands at the mouth of the Bay of Havnor. He would not see it again unless he went through that narrow passage. Then he would see the mountain, all the sweep and cresting of it, over the calm waters where he used to try to raise up the magewind when he was twelve; and sailing on he would see the towers rise up from the water, dim at first, mere dots and lines, then lifting up their bright banners, the white city at the center of the world..along with him. He said, smiling and confidential, "I am one who shits moonlight. You will not. Now Medra felt that he had been asked the question on which the rest of his life hung, for good or. Diamond thought his father meant the business -- the loggers, the sawyers, the sawmill, the chestnut groves, the pickers, the carters, the carts -- all that work and talk and planning, complicated, adult matters. He never felt that it had much to do with him, so how was he to have as much to do with it as his father expected? Maybe he'd find out when he grew up..They're coming," the Doorkeeper said. Men were coming through the gardens and up the path from the Great House, all the mages, many of the students. Leading them was Thorion the Summoner, tall in his grey cloak, carrying his tall staff of bone-white wood, about which a faint gleam of werelight hovered..silent and went sidling back to the house with their tails down.. "I dislike goat cheese," Dulse said..They met in the lane under Iria Hill in the dark of night, long after sunset, long before dawn. Rose made a dim glow of werelight so that they could find their way through the marshy ground around the spring without falling in a sinkhole among the reeds. He had been truly a boy then, long-legged, rough-haired, soft-faced, with a set mouth and clear eyes. "What do you want?" the wizard had asked, knowing what he wanted, what they all wanted, and keeping his eyes from those clear eyes. He was a good teacher, the best on Gont, he knew that. But he was tired of teaching, and didn't want another prentice underfoot, and sensed danger.. "Sit down," she said. He sat down, but he sat fretting.. "Well, to my story. Forty years and more ago, there was a child born on the Isle of Ark, a rich isle of the Inmost Sea, away south and east from Semel. This child was the son of an under-steward in the household of the Lord of Ark. Not a poor man's son, but not a child of much account. And the parents died young. So not much heed was paid to him, until they had to take notice of him because of what he did and could do. He was an uncanny brat, as they say. He had powers. He could light a fire or douse it with a word. He could make pots and pans fly through the air. He could turn a mouse into a pigeon and set it flying round the great kitchens of the Lord of Ark. And if he was crossed, or frightened, then he did harm. He turned a kettle of boiling water over a cook who had mistreated him." "I thought that that would. . . suit you."
