by detail, it could be ideal for you and your entire life. "You remember things?" the girl asked, her fingertips still pressed lightly to his cheek. He repressed the scream, however, because he sensed that if he gave voice to it, he wouldn't be able to silence himself for a long long time. He didn't even dare to pretend to wake up now, with a mutter and a yawn because the detective would know that he was faking, that he had been awake all along. And if he'd been feigning unconsciousness, eaves. Number three on the charts was "Mr. Lonely," by Bobby Vinton, an American talent from Canonsburg, Pennsylvania. Junior sang along. In the tree, the girl grinned. "Even if he stays up there until dawn, he'll still be coming down in the dark, won't he. Oh, we'll be fine, Aunt Aggie. San Francisco's pre-Christmas cheer had deserted it. The glow and glitter of the season had given way to a mood as dark and ominous as The Cancer Lurks Unseen, Version 1. Before they set out for the amusement park, Agnes pulled him aside, held him close, and said, "Listen, kid of mine, I'm not giving up. Don't think I ever would. Let's have fun today. This evening, you and I and Angel will convene a meeting of the North Pole Society of Not Evil Adventurers"-the girl had become the third member years ago" and all truths will be told and secrets known. ". Junior levered up, scrambled up, vaulted over, and crashed into the deep bin, with every intention of landing on his feet. But he overshot, slammed his shoulder into the back wall of the container, fell to his knees, and sprawled facedown in the trash. This was the image that plied the turbulent waters of Junior Cain's imagination when he sailed out of the driver's door and came around to face the Studebaker, his heart dropping like an anchor. While always Agnes held fast to hope, she knew that easy hope was usually false hope, and she didn't allow herself to speculate, even briefly, that his problem had resolved itself. Other symptoms-halos and rainbows-had disappeared for a time, only to return. To the phone, the police. No dial tone. Pointless to rattle the disconnect switch. The line had been cut. But Havnor is also the Great Isle, a broad, rich land; and in the villages inland from the port, the farmlands of the slopes of Mount Onn, nothing ever changes much. There a song worth singing is likely to be sung again. There old men at the tavern talk of Morred as if they had known him when they too were young and heroes. There girls walking out to fetch the cows home tell stories of the women of the Hand, who are forgotten everywhere else in the world, even on Roke, but remembered among those silent, sunlit roads and fields and in the kitchens by the hearths where housewives work and talk. Over the following hour, as Walter Panglo guided Jacob through the planning of the funeral, Jacob recounted the gruesome details of numerous airliner crashes, shipwrecks, train collisions, coal-mine disasters, dam collapses, hotel fires, nightclub fires, pipeline and oil-well explosions, munitions--plant explosions..... Junior examined the music collection. The policeman's taste ran to big band music and vocalists from the swing era. Junior opened his eyes and saw that only the second of the two rounds had found its intended mark. The first had cracked through the center of a cabinet door, surely shattering dishes within. Junior was flattered, he really was. Women couldn't get enough of him. The story of his life. They never let go gracefully. He was wanted, needed, adored, worshiped. Women kept calling after they should have taken the hint and gone away, insisted on sending him notes and gifts even after he told them it was over. Junior wasn't surprised that women would return from the dead for him, nor was he surprised that women he'd killed would try to find a route back to him from Beyond, without malice, without vengeance in their hearts, merely yearning to be with him again, to hold him and to fulfill his needs. As gratified as he was by this tribute to his desirability, he simply didn't have any romantic feelings left for Naomi and Seraphim. They were the past, and he loathed the past, and if they wouldn't let him alone, he would never be able to live in the future. The sedative was mild, but Phimie was asleep in mere minutes. She was exhausted by her long ordeal and by her recent lack of sleep. ANGEL WAS DRESSED in as much red as the devil himself: bright red shoes, red socks, red leggings, red skirt, red sweater, and a knee length red coat with a red hood. He switched off the flashlight and stood solemnly for a moment, paying his respects to Seraphim. She had been so sweet, so innocent, so supple, so exquisitely proportioned. Raise high the candlestick. In spite of the masking music, breathe shallowly and through the mouth. Remain poised, ready. He remembered standing in the cemetery, downhill from Seraphim's grave-although at the time he'd known only that it was a Negro being buried, not that it was his former lover-and thinking that the rains would over time carry the juices of the decomposing Negro corpse into the lower grave that contained Naomi's remains. Had that been a half-psychic moment on his part, a dim awareness that another and far more dangerous connection between dead Naomi and dead Seraphim had already been formed? Every distorted shape, every smear of color, every swath of light and shudder of shadows resisted her attempts to relate them to the world she knew, as if shimmering before her were the landscape of a dream. He stared out at the congregated ghosts of fog, white multitudes that entirely obscured the bay, as if all the sailors ever lost at sea had gathered here, pressing at the window, eyeless forms that nevertheless saw everything. On Thursday, January 4, he used his John Pinchbeck identity to purchase a new Ford van with a cashier's check. He leased a private garage space in the Pinchbeck name, near the Presidio, and stored the van there. To become a physical therapist, Junior had taken more than massage classes, so he knew what hematemesi s meant. Hematemesis: vomiting of blood. On mechanic, he again glanced meaningfully at Edom, who felt a response was expected. When he opened his mouth, he could think of nothing to say, except that at Sanriku, Japan, on June 15, 1896, a 110 foot-high wave, triggered by an undersea quake, killed 27,100 people, most while they were in prayer at a Shinto festival. Even to Edom, this seemed to be an inappropriate comment, so he said nothing. The sirens shrieked so loud that he felt a sympathetic vibration in his dental fillings, and with a sharp cry of brakes, a great red truck turned the corner, at once followed by a second. "They're all the family I have," Junior said with what he hoped sounded like sorrow and long-suffering love. Turning to face his four trailing escorts, all of whom were hunch shouldered and stiff-necked with tension, Barty said, "What's for dinner? ". Junior was not immune to traditional logic, but in this case he recognized the superior wisdom of Zedd's philosophy. His dread of Bartholomew and his gut-level animosity toward a child he'd never met defied all reason and exceeded simple paranoia; therefore, it must be purest, infallible animal instinct. The detective wasn't the only person in the world who liked "Someone to Watch over Me." Anyone in the lounge might have requested it. Or maybe this number was part of the pianist's usual repertoire. In his right hand again, the real gun, loaded with ten hollow-point rounds, felt charged with supernatural power: to Bartholomew as a crucifix to Dracula, as holy water to a demon, as kryptonite to Superman. "All right," Celestina said, "yes, of course." She could see no harm in humoring Phimie. "Angel. Angel White. Now, you calm down, you relax, don't stress yourself." Kid's room. Bartholomew's room. Furniture in cheerful primary colors. Pooh posters on the wall. Smiling, pulling the blanket more tightly around herself, she said, "You look after your old mom, don't you?" Forget Barty's tree for a second and imagine that all these many worlds are like stacked slices of Swiss cheese. Through some holes, you can see only the next slice. Through others, you see through two or three or five slices before holes stop overlapping. There are little holes between stacked worlds, too, but they're constantly shifting, changing, second by second. And I can't see them, really, but I have an

uncanny feel for them. Watch closely."Lord, listen to me-but I've really got to know if you can, if you are, how you feel, whether you feel, I mean, whether you think you could feel--".2000, the Year of the Dragon, gives way without a roar to the Year of the Snake, and after the Snake comes the Horse. Day by day the work is done, in memory of those who have gone before us, and embarked upon work of her own, young Mary is out there among you. For now, only her family knows how very special she is. On one momentous day, that will change..As she clambered through the open door into Celestina's lap, the girl said, "Uncle Wally gave me an Oreo."Angel didn't join the grieving women, but sat on the floor in front of the television, switching back and forth between Gunsmoke and The Monkees. Too young to be genuinely involved in either show, nevertheless she occasionally made gunfire sounds when Marshal Dillon went into battle or invented her own lyrics to sing along with the Monkees..Unerringly, in the darkness, he found her face with both hands. Smoothed her brow. Traced her eyes with fingertips. Her nose, her lips. Her cheeks..Magusson's idea of a laugh. "And they didn't even bother to post a warning. In fact, that sign was still up, inviting hikers to enjoy the view from the observation deck."Magusson considered the assaults on Victoria and on Vanadium to be hideous crimes, of course, but he also viewed them as affronts to his own dignity and reputation. He expected a felonious client, rewarded with four and a quarter million instead of jail time, to be grateful and thereafter to walk a straight line.."Do you want me to call and confirm how Vanadium was harassing you up here?" asked Magusson.."I don't have to graduate in the spring of next year. I can take fewer classes, graduate the spring after. That's no big deal."Wally had disposed of his properties in San Francisco under Tom's careful supervision. Any attempt to trace him from the city to Bright Beach would fail. His vehicles were purchased through a corporation, and his new house had been bought through a trust named after his late wife..After adjusting the hairpin that held her lace mantilla, Maria passed from the narthex into the nave She dipped two fingers in the holy water that glimmered in the marble font, and crossed herself..This room didn't face the street by which Cain would approach the building, so Vanadium switched on the lights. He spent fifteen minutes examining the mundane contents of the cupboards, searching for nothing in particular, merely getting an idea of how the suspect lived-and, admittedly, hoping for an item as helpful to a conviction as a severed head in the refrigerator or at least a plastic-wrapped kilo of marijuana in the freezer.."Both. Brain and heart. But I've thought it through, Daddy. More than anything in my life, I've thought this through."Assisted by Edom and Jacob, Agnes-in a wheelchair-was rolled across the grass, between the headstones, to her husband's final resting place. Although no longer in danger of renewed hemorrhaging, she was under doctor's orders to avoid strain.."Vomiting. I'm told it was an exceptionally violent emetic episode." "He spewed like a fire hose," Vanadium said matter-of-factly..He fiddled with the cylinder until it swung open. Five chambers, a gleaming cartridge in each..THE RAIN THAT HAD threatened to wash out the morning funeral finally rinsed the afternoon, but by nightfall the Oregon sky was clean and dry. From horizon to horizon spread an infinity of icy stars, and at the center of them hung a bright sickle moon as silver as steel..He had bribed a parking attendant to keep his Mercedes at the curb in a valet zone, in front of a nearby restaurant, so it would be instantly available when needed. He could also leave the car and follow Celestina on foot if she chose to stroll home from here..Of the things you couldn't have seen coming, I'm the worst ... I'm the worst ... I'm the worst.....He feared that suicide was a ticket to Hell, and he knew that sinless Perri was not waiting for him in those lower realms..Playing with fire was fun when you didn't have to attempt to conceal the fact that it was arson..Aftermath was not important. Only movement mattered. Just forget the busload of nuns smashed on the tracks, and stay with the onrushing train. Keep moving, looking forward, always forward..Surprisingly, he received a lot of gratification from voicing this insult, even though Vanadium was too dead to hear it..Worried that tears would frighten Barty, that indulging in a few would result in a ruinous flood, Agnes held back the salt tides. A mother's duty proved to be the stuff from which dams were built..Yet in her heart, she wouldn't relinquish hope for a miracle. This was an amazing boy, a prodigy, a boy who could walk where the rain wasn't, already himself a miracle, and it seemed that anything might happen, that Dr. Chan might suddenly rush into the waiting room, surgical mask dangling from his neck, face aglow, with news of a spontaneous rejection of the cancer..Why Cain, even if he was the father, should be interested in the little girl was a mystery to Tom Vanadium. This totally self-involved, spookily hollow man held nothing sacred; fatherhood would have no appeal for him, and he certainly wouldn't feel any obligation to the child that had resulted from his assault on Phimie..In those days they had no fixed names for the various kinds and arts of magic, nor were the connections among those arts clear. There was-as the wise men of Roke would say later-no science in what they knew. But Hound knew pretty surely that his prisoner was concealing his talents..The quarter, silvery. Under the patriot's neck, the date: 1965. Coincidentally, the year that Naomi had been killed. The year that Tom had first met Cain. The year that all this had begun..He switched on his flashlight. In the beam, on the blacktop, a silver disc. Like a full moon in a night sky.."But nothing equals a quake for killing. Big one in Shaanxi, China, killed eight hundred thirty thousand." "Paul," she said, "you've got a lovely house, but Celestina and Grace are doers. They need to keep occupied. They'll go stir-crazy if they don't stay busy. Am I right, ladies?".The lunatic lawman was not at any of the tables. Junior was sure of that, because indulging his appreciation for lovely women, he had roamed the room repeatedly with his gaze..Intending to keep the front of the gallery under surveillance from behind the wheel of his Mercedes, Junior checked the time as he walked toward the car. His wrist was bare, his Rolex missing..You have the teeth to do it, Junior thought, but he restrained himself from saying it. "This can't be a dead end."Junior approached the headstone from behind, circled it, and shone the flashlight on the chiseled facts:..In the physician's eyes, a yearning to believe. In his face, a squint of skepticism..the stems, thorns sharp against his tongue. And then Agnes. Agnes in the yard, screaming..Angel was lying on a towel on the convertible sofa, where Grace had just changed her diaper..Agnes discovered that watching her child be totally consumed by a new enthusiasm was an unparalleled delight. Through Barty, she had a tantalizing sense of what her own childhood might have been like if her father had allowed her to have one, and at times, listening to the boy exclaim about the space-faring Stone family or about the mysteries of Mars, she discovered that at least some part of a child still lived within her, untouched by either cruelty or time..As best he could, he examined his clothes. They were better pressed than he expected, and not noticeably soiled..In the front wall of the living room, where once had been a fine bay window, the parsonage lay open to the sunny day. Tom shrubbery, carried in from outside, marked the path of destruction. In the very middle of the room, plowed against a toppled sofa and a thick drift of broken furniture, a battered red Pontiac sagged to the left on broken springs and blown tires. A portion of the crazed windshield quivered and collapsed inward, while plumes of steam hissed from under the buckled hood..Her belief in fortune-telling and in the curious ritual she was about to undertake weren't condoned by the Church. Mysticism of this sort was, in fact, considered to be a sin, a distraction from faith and a perversion of it..Regrettably, at 2:00 A.M., February 28, waking alone in Tammy's bed, Junior sought her out and found her snacking in

the kitchen. Forsaking a fork in favor of her fingers, she was eating a. The girl's appetite was sharp, even though the food was soft and bland. Soon, she slept. Celestina's question had been about Phimie, but they had told her about the baby, and she was alarmed by their evasion. Stopping at the door without opening it, Vanadium turned to stare at Junior, but said nothing. Perhaps the paramedic had given him an injection, a sedative. The howling ambulance rocked along on this most momentous day, Junior Cain wept profoundly but quietly--and achieved temporary peace in a dreamless sleep. Shortly before three o'clock, Thursday afternoon, in a state of agitation, Barty raced into the kitchen, where Agnes was baking buttermilk-raisin pies. Holding Red Planet open to pages 104 and 105, he complained urgently that the library copy was defective. "There's twisty spots in the print, twisty-funny letters, so you can't just exactly read all the words. Can we buy our own copy, go out and buy one right now?" Cupping Angel entirely in his big hands, smiling at her, he said, "Oh, no, Mrs. White, this looks like a healthy young lady to me. No medicine required." Dr. Daines spoke with Celestina in the corridor, outside the door to 724. Some of the passing nurses were nuns in wimples and full-length habits, drifting like spirits along the hallway. The receptionist, Rebecca, had stayed late, just to keep company with Barty in the waiting room. As she settled into a chair beside the boy, he asked her if she knew what gravity was on Mars, and when she confessed ignorance, he said, "Only thirty-seven percent what it is here. You can really jump on Mars." At the beginning of his third month, instead of at the end of his fifth, he was combining vowels and consonants: "ba-ba-ba, ga-ga-ga, la-la-la, ca-ca-ca." It totally destroyed four towns, as if they were hit by atom bombs, tore up parts of six more towns, destroyed fifteen thousand homes. That's just the homes. This thing was black, huge and black and hideous, with continuous lightning snapping through it, and a roar, they said, like a hundred thunderstorms booming all at once. Vanadium was no ordinary cop, as he himself had said. In his obsession, convinced that Junior had murdered Naomi and impatient with the need to find evidence to prove it, what was to stop the detective if he decided to deal out justice himself? What was to prevent him from walking up to the Suburban right now and shooting his suspect pointblank? Her elegance was appealing. A pink Chanel suit with knee-length skirt, a strand of pearls. Her figure was spectacular, but she didn't flaunt it. She was even wearing a bra. In this age of bold erotic fashion, her more demure style was enormously seductive. He doubted the Studebaker would ever be found, but successful men were, without exception, those who paid attention to detail. JUNIOR CAIN WANDERED among the Philistines, in the gray land of conformity, seeking one-just one-refreshingly repellent canvas, finding only images that welcomed and even charmed, yearning for real art and the vicious emotional whirlpool of despair and disgust that it evoked, finding instead only themes of uplift and images of hope, surrounded by people who seemed to like everything from the paintings to the canapes to the cold January night, people who probably hadn't spent even one day of their lives brooding about the inevitability of nuclear annihilation before the end of this decade, people who smiled too much to be genuine intellectuals, and he felt more alone and threatened than eyeless Samson chained in Gaza. Returning from his tests, he'd gotten into bed without stripping off the thin, hospital-issue robe. He was still wearing it over his pajamas. Finally: "A trial lawyer, whether specializing in criminal or civil matters, is like an actor, Mr. Cain. He must believe deeply in his role, in the truth of his portrayal, if he's to be convincing. I always believe in the innocence of my clients in order to achieve the best possible settlement for them." They had a few days for quiet celebration of this astonishing recovery of his sight, and in that time, she never tired of watching him read to her. He didn't think she even listened closely. It was the fact of him made whole that lifted her spirits so high as they were now, not any writer's words nor any story ever written. Charmed by the vulnerability of the young, he'd never slept with an older woman. The prospect intrigued him. She would have tricks in her repertoire that younger women were too inexperienced to know. The white Buick glided through the tides of fog like a ghost ship plying a ghost sea.
