Reluctant to leave Joey's body with the oddly jumpy mortician, Jacob nevertheless crossed the porch of the Victorian style funeral home and left without glancing back. He walked one mile home, alert to passing traffic, especially cautious at intersections..As Junior paced the hotel room, his fear made way for anger. All he wanted was peace, a chance to grow as a person, an opportunity to improve himself And now this. The unfairness, the injustice, galled him. He seethed with a sense of persecution..Sliding one hand lightly along the railing, the boy quickly descended the short flight of steps and walked onto the soggy lawn, into the rain..In his room, he settled on the bed with his constipating snacks and the county telephone book. Because he had packed the directory with the Zedd collection, the thief hadn't gotten it..Switching on the windshield wipers, Joey said, "That's the first time I've ever heard you admit that either of your brothers is odd."The traffic light turned green. Now onward home. Rolex recovered and bright upon his wrist, Junior Cain drove his Mercedes with a restraint that required more self-control than he had realized he could tap, even with the guidance of Zedd..Choking fumes, blinding soot. A licking heat told him that slithering fire had followed the smoke up the stairs and now coiled perilously close in the murk..From his motel room, he telephoned Hanna Rey in Bright Beach. She still looked after his house on a part-time basis, paid the bills from a special account while he traveled, and kept him informed about events in his hometown. From Hanna, he learned that Barty Lampion's eyes had been lost to cancer.."I got to admit," Nolly said, "I'm surprised these little pranks have rattled him so deeply."To Dr. Parkhurst, Vanadium said, "In my work, I see lots of people who've just lost loved ones. None of them has ever puked like Vesuvius."Junior hurried out of the kitchen and along the hallway to the front door. He ran silently, landing on his toes like a dancer. His natural athletic grace was one of the things that drew so many women to him..When at last the caller spoke again, her voice sounded a kingdom away: "Will you tell Bartholomew ... ?".And so at the age of thirty-one, after more than twenty-eight years of blindness with a few short reprieves, Barty Lampion received the gift of sight from his ten-year-old daughter. 1996 through 2000: Day after day, the work was done in memory of Agnes Lampion, Joey Lampion, Harrison White, Seraphim White, Jacob Isaacson, Simon Magusson, Tom Vanadium, Grace White, and most recently Wally Lipscomb, in memory of all those who had given so much and, though perhaps still alive in other places, were gone from here..From the far end of the table, Agnes said, "For starters, Tom, we all want to hear about the rhinoceros and the other you."They didn't mind, and down they went in a controlled descent that was nevertheless too quick for Agnes.."Where did you hear that expression," she demanded, though she couldn't conceal her amusement..As he headed toward the door, the detective said, "Don't forget your apple juice. Got to build some strength for the trial."If the angular mass was Neddy, the vaguely warm, damp something must be the strangled man's protruding tongue..Although the distance to the ground was only ten feet, she would be risking too much by running blindly off the roof and leaping to clear the fringe of fire at the edge. A landing on the lawn might end well. But if she fell onto the walkway, she might break a leg or her back, depending on the angle of impact..After carefully wiping her fingers on a paper napkin, Maria examined the garments with interest. She carried her living as the seamstress at Bright Beach Dry Cleaners. At the sight of each rent, popped button, and split seam she clucked her tongue..Fortunately, just as he was about to declare his gut feelings to his superior and risk dismissal, he saw his potential patient. At fifteen, Seraphim was breathtakingly beautiful, in her own way as striking as Naomi, and instinct told Junior that the chance of being physically or morally polluted by her was negligible..The decision had already been made that Grace would move in with Celestina and then-following the wedding-with Celestina and Wally. In Spruce Hills, she had dear friends whom she would miss, but there was nothing else in Oregon to draw her back, other than the narrow plot beside Harrison, where she expected eventually to be buried. The parsonage fire had destroyed all her personal effects and every family treasure from Celestina's grade-school spelling-bee medals to the last precious photograph. She wanted only to be close to her one remaining daughter and her granddaughter, to be part of the new life that they would build with Wally Lipscomb..Although he had made no effort to summon them, tears spilled from Junior's closed eyes. They weren't drawn from him by thoughts of poor Naomi. These next few days-perhaps weeks-were going to be tedious, until he could have Nurse Victoria Bressler. Under the circumstances, he had good reason to feel sorry for himself..The high point of his day was coming home to Perri. They met when they were thirteen, married at twenty-two. In May they would celebrate their twenty-third anniversary..When people didn't apply themselves to positive goals, to making better lives for themselves, they spent their energy in wickedness. Then."There's no clear evidence of birth defects, but a couple tests reveal some worrisome anomalies. We'll know when we see the child."..Inevitably, man of the arts that he was, his slouching brought him to several galleries. In the window of the fourth, not one of his favorite establishments, he saw an eight-by-ten photograph of Seraphim White..When Bartholomew first said "Kay-jub," and held out one hand toward his uncle, Jacob surprised Agnes by crying with happiness.."Who is this?" he demanded, although for a demand, the words came out too thin, too squeaky..The same thought had occurred to her, a consolation that might make acceptance of these riches possible. Yet she remained chilled by the thought of receiving a life-changing amount of money as the consequence of a death..Shivering, Junior slammed the trunk lid and warily surveyed the lonely landscape. Black pines spread bristled arms through the charry night, and the moon cast down a jaundiced light that seemed to obscure more than it illuminated..Either this chatterbox was at all times a babbling airhead or Junior particularly disconcerted him..The girl sucked in deep lungful of the weary clouds. "Better hold tight, Mommy, I'm gonna float."Edom, who had never made it big, medium, or little, watched his sister blur before him. He strove to contain the shimmering hotness in his eyes. His love was not for magic, and his pride was not in any skill he possessed, for he possessed none worth noting. His love was for his good sister; she was his pride, too, and he felt that his small life had precious meaning as long as he was able to drive her on days like this, carry her pies, and occasionally make her smile..When she turned to him again, he had already slipped into his jacket and snatched the car keys off the foyer table. He put his left hand under her right arm, as though Agnes were feeble and in need of sup-"That would be wrong. A diary's private." He supposed that to a detective nothing was sacred, but he was nonetheless a little shocked that Vanadium needed to ask that question..Vanadium was surely unaware of any connection between Junior and Seraphim White. And now the girl could never talk..quiet pool, sweet with the fragrance of jasmine. Under the huge spreading oak. Grass oiled to a glossy green by the..Although she was aware that these extraordinary events would

shape the rest of her life, beginning with her actions in the hours immediately ahead of her, she could not clearly see what she ought to do next. At the core of her confusion was a conflict of mind and heart, reason and faith, but also a battle between desire and duty. Until she was Trembling, she sat beside the bassinet and gazed at her baby with such love that the force of it ought to have rocked him awake. Although he didn't believe in destiny, in fate, in anything more than himself and his own ability to shape his future, Junior couldn't deny how extraordinary it was that this woman should cross his path at this precise moment in his life, when he was frustrated to the point of cerebral hemorrhage by his inability to find Bartholomew, confused and nervous about the phantom singer and other apparently supernatural events in his life, and generally in a funk unlike any he had ever known before. Here was a link to Seraphim and, through Seraphim, to Bartholomew. Agnes winced. Already, another contraction. Mild but so soon after the last. She clasped her hands around her immense belly and took slow, deep breaths until the pain passed. As the storm failed to dampen Joey, so the rotating red-and-white beacons on the surrounding police vehicles did not touch him. The Olive complexion, no less smooth than the skin of a calamata. Eyes as lustrous as pools shimmering with a reflection of eternity and stars. Judging by the smeariness of the letters and by the fact that some had run before they dried, the writing instrument hadn't been a felt-tip marker, as Vanadium first thought. A spattering of red droplets on the closed lid of the toilet and across the beige marble floor, all dry now, gave rise to a suspicion. Instead of immediately killing anyone, Junior returned to his apartment on the afternoon of December 29, and went to bed, fully clothed. To calm down. To think about focus. He was Father Tom again, having recommitted to his vows three years previous. At his request, the Church had assigned him as the chaplain of Pie Lady Services. Agnes found this turn of events amazing, amusing, ironic-and a little sad. She would have dearly loved to teach the boy to read and write, to see his knowledge and competence slowly flower under her care. Although she fully supported Barty's exploration of his gifts, and although she was proud of his astounding achievements, she felt that his swift advancement was robbing her of some of the shared joy of his childhood, even though he remained in so many ways a child. The wine tasted bitter, but Celestina knew that it was sweet. The bitterness was in her, not in the legacy of the grape. "I'm not a burglar, Mr. Cain. No client has enough money to make me risk prison. Besides, even if you could steal their files, you would probably discover that the babies' identities are coded, and without the code, you'd still be nowhere." Celestina was hardly more than a child herself, pretending to have the strong shoulders and the breadth of experience to bear this burden. She felt half crushed. "I don't know." He was silent a moment. "That's what's going to be interesting." Tossing the knave onto the table, Agnes said, "Barty doesn't seem too impressed with this devil." If he killed Bartholomew and got away clean, as he expected that he would, then he could subsequently return everything in the van to the apartment. He was just being prudent by planning for his future, because the future was, after all, the only place he lived. Caught unaware by the joke, she laughed. "Well, I'm glad to know I'm good for something. Is there maybe a special pie you'd like me to make today?" If Junior were weak-minded enough to succumb to madness, this was the moment when he should have fallen into an abyss of insanity. He heard an internal cracking, felt a terrible splintering in his mind, but he held himself together with sheer willpower, remembering to breathe slowly and deeply. place settings. He returned with them to the kitchen and put them in the lower oven, as though Victoria were using it as a plate warmer. He left by the back door, to avoid the aftermath seeping across the foyer floor. Fog enveloped him, cool and refreshing. The maniac detective was still on the floor where he had died. The red rose and the gift box occupied his hands. After a surgeon had lanced fifty-four boils and cut the cores from the thirty-one most intractable (shaving the patient's head to get at the twelve that were festering on his scalp), and after three days of hospitalization to guard against staphylococcus infection, and after he had been turned back into the world as bald as Daddy Warbucks and with the promise of permanent scarring, Junior visited the Reno library to catch up with current events. Agnes pulled the stack of cards in front of her. She discarded the first two, as Maria would have done, and turned over the third. If her beautiful son was to be a prodigy of any kind, she would thank God for his talent and would do anything she could to help him achieve his destiny. Celestina nodded, unable to respond to the aide's kindness. Sometimes kindness can shatter as easily as soothe. Later, weak and shaken, as he was packing his suitcase, the urge overcame him again. He was astonished to discover that anything could be left in his intestinal tract. the hilly streets of the city, ignoring all traffic lights and stop signs, pegging the speedometer needle at its highest mark, as though he might eventually be air-cooled by sufficient speed. He wanted to slam through unwary pedestrians, crack their bones, and send them tumbling. Although she had acutely felt the loss of Joey during the past three years, she had never missed him as much as she missed him now. Marriage is an expression of love and respect and trust and faith in the future, but the union of husband and wife is also an alliance against the challenges and tragedies of life, a promise that with me in your corner, you will never stand alone. "If he gets back within the next hour, better ring me at his place so I can scoot." The night seemed to be longer than a Martian month. Agnes dozed, fitfully, waking more than once, sweaty and shaking, from a dream in which her son was taken from her in pieces: first his eyes, then his hands, then his ears, his legs. "Your mother's wise," Paul said. "More than all the owls in the world," the boy agreed. Maria Elena Gonzalez-no longer a seamstress in a dry-cleaners, but proprietor of Elena's Fashions, a small dress shop one block off the town square-joined Agnes, Barty, Edom, and Jacob on Christmas. Certain disbelief insulated her against immediate surprise. She shook her head. "That's not possible." before used. Boeotian. A dull, obtuse, stupid person. He felt very Boeotian all of a sudden. Hers were the most feminine hands he'd ever seen. Slender, soft, prettier than Naomi's. He had no idea what she was talking about. As outgoing as his twin uncles were introverted, Barty didn't withdraw from the festivities. Agnes never needed to remind him that family and guests took precedence over even the most fascinating characters in fiction, and the boy's delight in the company of others pleased his mother and made her proud. Bartholomew's genius might have been intimidating, even off-putting, if he'd not been as much child as child genius. Likewise, he would have been wearisome if impressed by his own gifts. I know what you're thinking," her mother said, reaching across the table and placing one hand over Celestina's. "I know how useless you feel, how helpless, how small, but you must remember this . . ." "It's partly that," she agreed. "But originally, Daddy wanted Phimie to tell, so the man could be charged and prosecuted. Though he's a good Baptist, Daddy isn't without a thirst for vengeance." One of the coin seekers knocked against Junior, jarring him loose of his paralysis, but when he stumbled out of the line of fire of the second vending machine, a third machine shot quarters at him. He wanted to say: The vain, power-mad politicians who milk cheers from ignorant crowds, the sports stars and preening actors who hear themselves called heroes and never object, they should all wither with shame at the mention of your name. Your vision, your struggle, the years of grueling work, your enduring faith when others doubted, the risk you took with career and reputation--it's one of the great stories of science, and I'd be honored if I could shake your band. By Thursday, September 23, due to

Junior's accident and surgery, the draft board-which had reinstated his I -A status after he'd lost the exemption that had come with his former job as a rehabilitation therapist-agreed to schedule a new physical examination in December..Not that she ever gave any indication that her brothers were other than a source of pride for her. She treated them always with respect, tenderness, and love-as if unaware of their shortcomings..He had recently learned about the demigods of classic mythology in one of the selections from the Book-of-the-Month Club..Agnes meant to stop Maria from turning the eleventh card, but her curiosity was equal to her apprehension..Junior hadn't noticed when the detective stopped turning the coin across his knuckles..As a matter of principle, Junior considered firing the slit-mouthed troll on the spot, but then Magusson said, "You shouldn't be bothered any further by Detective Vanadium."..He exploded off Renee with the velocity of high-powered rifle fire. Stunned, disgusted, humiliated, he backed away from the chaise lounge, spluttering, wiping at his mouth, cursing.. "You mean it's like with you in the kitchen, but not if you go into the living room? Your cold has a mind of its own?". Yet his curious attraction to these newborns kept him at the window, and he began to believe that unconsciously he had intended to come here from the moment he guided his walker out of his room. He'd been compelled to come. Drawn by some mysterious magnetism..She leaned against the apartment door for a long moment, holding on to the doorknob and to the thumb-turn of the second deadbolt, as though she were convinced that if she let go, she would float off the floor like a cloud-stuffed child..To be useful, anger must be channeled, as Zedd explains with unusually poetic prose in *The Beauty of Rage: Channel Your Anger and Be a Winner* Junior's current predicament would only get worse if he had to telephone Roto-Rooter to extract a musician from the plumbing..Outside, flames churned to the left and right of the opening. The front of the house was afire..As yet, he hadn't taken either an antiemetic or antihistamine to ward off vomiting and hives, because he wanted to medicate -against those conditions as shortly before the violence as was practical, to ensure maximum protection. He'd intended to dose himself only after he followed Celestina home from the gallery and could be reasonably certain that he had located the lair of Bartholomew.
