"Well try. There he is!" "A six-pack of Schlitz," he said, quite off the top of his head. To give you an idea of the creativity of this young man, I have arranged for Zorphwar to be made available to you on the Executive Interactive Display Terminal in your office. After you dial into the Computer Center, simply type "ZORPH" to gain access to the game. vertebrae have been badly dislocated. The thing nevertheless succeeds in overtaking the captain and. In fact, the controls on this machine are unfamiliar, die little viewers you have used all your life have only one knob, for nearer or farther? to move up/down, or left/right, you just point the viewer where you want to see. This machine has dials and little windows with numbers in them, and switches and pushbuttons, most of which you don't understand, but you know they are for special purposes and don't matter. The main control is a metal rod, right in front of you, with a gray plastic knob on the top. The knob is dull from years of handling; it feels warm and a little greasy in your hand. The console has a funny electric smell, but the big screen, taller than you are, is silent and dark. You can feel your heart beating against your breastbone. You grip the knob harder, push it forward just a little. The screen lights, and you are drifting across the next room as if on huge silent wheels, chairs and end tables turning into reddish silhouettes that shrink, twist and disappear as you pass through them, and for a moment you feel dizzy because when you notice the red numbers jumping in the console to your left, it is as if the whole house were passing massively and vertiginously through itself; then you are floating out the window with the same slow and steady motion, on across the sunlit pasture where two saddle horses stand with their heads up, sniffing the wind; then a stubbled field, dropping away; and now, below you, the co-op road shines like a silver-gray stream. You press the knob down to get closer, and drop with a giddy swoop; now you are rushing along the road, overtaking and passing a yellow truck, turning the knob to steer. At first you blunder into the dark trees on either side, and once the earth surges up over you in a chaos of writhing red shapes, but now you are learning, and you soar down past the crossroads, up the farther hill, and now, now you are on the big road, flying eastward, passing all the cars, rushing toward the great world where you long to be. If clones can be produced wholesale, a biologist can have a whole group of animals with identical genetic equipment; a set of ten thousand identical-twin mice, let us say. There are many animal experiments that can be conducted with the hope of more useful results if the question of genetic variation could be eliminated. "Neither one of those facts is so incredible compared to some of the strange things in this world," said Amos. "Why are you the Prince of the Far Rainbow, and why are you a prisoner?" "Hey, everybody!" Jain raises her voice, cutting stridently through everyone else's conversations. "Get this. For a small fee, these folks'll put a video tape gadget in my tombstone.
