Practically everyone I had talked to.Crawford and Lang hung around as the scientists looked things over. They were not anxious to get back to the task that had occupied them for the last two weeks: that of bringing the Podkayne to a horizontal position without wrecking her. The ship had been rigged with stabilizing cables soon after landing, and provision had been made in the plans to lay the ship on its side in the event of a really big windstorm. But the plans had envisioned a work force of twenty, working all day with a maze of pulleys and gears. It was slow work and could not be rushed. If the ship were to tumble and lose pressure, they didn't have a prayer..so as a matter of course. In these cases, an egg cell, containing only a half set of chromosomes, does not require union with a sperm cell to supply the other half set. Instead, the egg cell's half set merely duplicates itself, producing a full set, all from the female parent, and the egg then proceeds to divide and become an independent organism, again a kind of clone..the New Year. If you're not in a desperate hurry . . . "John Bittingsley." "It is Amos!" cried Billy Belay, thumping after her on his wooden leg.. "That's another way vampires are stupid. They never check the victim's blood group. The wrong blood group can kill you." "Good," said Amos. "So one third of your magic mirror has been found.
