He could have killed someone named Henry or Larry, without risk of creating a Bartholomew pattern that would prickle like a pungent scent in the hound-dog nostrils of Bay Area homicide detectives. But he restrained himself..Every time Junior glanced back, Vanadium was following his wake through the throng. Stocky but almost gliding. Grim and grimmer. Hideous. And closer..He didn't rely, either, on a sixth sense to detect obstacles or open spaces, which some blind people claimed to have. Sometimes instinct told him that in his path was an object that ordinarily would not have been there; but as often as not, it went undetected, and unless he was using his cane, he tripped over it. The sixth sense was greatly overrated..Edom removed two of the pies from the table and put them on the counter near the ovens..Astonished and appalled by the cop's

insensitivity, Junior said, "You just drop this on me? I lost my wife and my baby. My wife and my baby." The word need, instead of want, moved Paul to follow the doctor across the coffee shop. "No, I didn't see him," Junior reminded the attorney. "I just assumed, when this harassment started here--" and whenever the good Pharaoh was here in San Francisco, a few times each year, he always stopped by St. Anselmo's to entertain the boys--". When Agnes had asked him to deliver the pies, before she had set out with Joey for the hospital the previous day, Edom had wanted to beg off, but he had agreed without hesitation. He was prepared to suffer every viciousness that nature could throw at him in this life, but he could not endure seeing disappointment in his sister's eyes. Alone again with Wally, Celestina said, "They told me that once you regained consciousness, I can only visit ten minutes at a time, and not that often, either." "Be quiet, sugarpie," she said, crossing the bedroom to the door, which stood only slightly ajar. Celestina had a delayed reaction to Barty's name. An odd look came over her. "Barty? Short for ... Bartholomew?" body on the flight out of San Francisco. When finally her obligations were met, she. Naked, dripping, he roamed the apartment. As on the night of December 13, the voice seemed to arise from thin air: ahead of him, then behind him, to the right, but now to the left. THE DEAD DETECTIVE, grinning in the moonlight, a pair of silvery quarters gleaming in the sockets once occupied by his eyes. As long as Junior continued to fake sleep, the cop couldn't be absolutely sure that any deception was taking place. First, Victoria Bressler was listed as one of his victims, although as far as he knew, the authorities still had every reason to attribute her murder to Vanadium. Celestina was unable to talk reason to him, and even her mother, Grace, who was living here for the interim and who was always oil on the stormiest of waters, couldn't bring a moment's calm to the velvet squall that was Neddy Gnathic in full blow. He had learned about the baby five days ago, and he had been building force ever since, like a tropical depression aspiring to hurricane status. On the drive home, Junior dropped the knife down a storm drain in Larkspur. He tossed the gloves in a Dumpster in Corte Madera. The mummified moon had unwound itself from its rags of embalming clouds. Its pocked face glowered in full brightness on the spreading branches of the pine, on the yard, and on the graveled driveway. As a homicide detective, Vanadium had a career-spanning ninety eight percent closure-and-conviction record on the cases he handled. Once convinced he had found the guilty party, he didn't rely solely on solid police work. He augmented the usual investigative procedures and techniques with his own brand of psychological warfare-sometimes subtle, sometimes not-which frequently encouraged the perpetrator to make mistakes that convicted him. A pianist or saxophonist could go a long way on his talent and self instruction, but a would-be stage magician eventually needed a mentor to reveal the most closely guarded secrets of illusion and to help him master the skills of deception needed for the highest-level prestidigitation. In a craft practiced almost exclusively by white men, a young man. Celestina circled him, half carrying but also half dragging the chair, either because her nerves were still ringing and her arms were weak--or because she was faking weakness in the hope of luring him to a reckless response. Junior circled her while she rounded oil him frantically trying to deal with the pistol without taking his eyes off his adversary. Junior assumed the dead girl had come from a family of stature in the Negro community, which would explain the stonecarver's accelerated service. Vanadium, according to his own words, was a friend of the family; consequently, the father was most likely a police officer. "He came through the surgery well. He'll be in post-op for a while, then brought here to the ICU. His condition's critical, but there are degrees of critical, and I believe we'll be able to upgrade him to serious long before this day is over. He's going to make it." After following the blacktop fifty feet, Junior headed downhill through the close-cropped grass, between the tombstones. He switched on his flashlight and trod cautiously, for the ground sloped unevenly and, in places, remained soggy and slippery from the rain. Although she had slept well and though her hemorrhaging had been successfully arrested, Agnes was too weak to manage breakfast alone. A simple spoon was as heavy and as unwieldy as a shovel. When she went upstairs at 2:10 in the morning, she found the boy fast asleep in the soft lamplight, Tunnel in the Sky at his side. She shivered, and Edom, thinking that she had caught a chill ripped off his suit jacket and draped it over her shoulders. Angel returned to the table for apple juice and to announce, "They got a cookie-jar Jesus!" "The doctors," he continued, "needed to repair damage to the left frontal sinus, the sphenoidal sinus, and the sinus cavernous, which had all been partially crushed by that pewter candlestick. Frontal, malar, ethmoid, maxillary, sphenoid, and palatine bones had to be rebuilt to properly contain my right eye, because it sort of ... well, it dangled. That was just for starters, and there was considerable essential dental work, as well. I elected not to have any cosmetic surgery." He wanted, all right, but -intuition warned him that he ought to continue to be discreet for a while longer. Ferocious pirates, ruthless secret agents, brain-eating aliens from distant galaxies, super criminals hell-bent on ruling the world, bloodthirsty vampires, face-gnawing werewolves, savage Gestapo thugs, mad scientists, satanic cultists, insane carnival freaks, hate-crazed Ku Klux Klansmen, knife-worshiping thrill killers, and emotionless robot soldiers from other planets had slashed, stabbed, burned, shot, gouged, torn, clubbed, crushed, stomped, hanged, bitten, eviscerated, beheaded, poisoned, drowned, radiated, blown up, mangled, mutilated, and tortured uncounted victims in the pulp magazines that Paul had been reading since childhood. Yet not one scene in those hundreds upon hundreds of issues of colorful tales withered a corner of his soul as did a glimpse of Barty's empty sockets. The sight wasn't in the least gory, nor even gruesome. Paul cringed and looked away only because this evidence of the boy's loss too pointedly made him think about the terrible vulnerability of the innocent in the freight-train path of nature, and threatened to tear off the fragile scab on the anguish that he still felt over Perri's death. As spectacularly busy as the not-yet-dead Jayne Mansfield, Frieda never wore a bra. In 1966, this free-swinging style was little seen. Initially, Junior didn't realize bralessness was a declaration of Frieda's liberation; he thought it meant she was a slut. He hadn't the slightest doubt that eventually he could romance Renee into marriage, regardless of her wealth and sophistication. He could shape women to his desire as easily as Sklent could paint his brilliant visions on canvas, easier than Wroth Griskin could cast bronze into disturbing works of art. In this brighter light, he further examined the gallery brochure and discovered Celestina's photograph. She and her sister were not as alike as twins, but the resemblance was striking. Joey was not illuminated by the light of this world. Agnes realized that he was translucent, his skin like fine milk glass through which shone a light from elsewhere. If that was the bright side, however, it was a piss-poor bright side (no pun intended), because he was still stuck in this men's room with a corpse, and he couldn't stay here for the rest of his life, surviving on tap water and paper-towel sandwiches but he couldn't leave the body to be found, either, because the police would be all over the gallery before the reception ended, before he had a chance to follow Celestina home. She searched the child's unfocused eyes for some sign of the hateful father's wickedness. Clutching the blanket, she thought of the funerary lap robes that red the legs of the deceased in their caskets, for she felt sometimes cove half dead. Both feet in this world-yet walking beside Joey on a strange road Beyond. Besides, Junior was reluctant to kill Vanadium, for real this time, and risk discovering- that the detective's

filthy-scabby-monkey spirit would in fact prove to be a relentless haunting presence that gave him no peace..As hard of head as she was hard of heart, Victoria had not sustained serious brain damage, only a concussion.."I just wanted everyone to come see the spider, that's all. It was a really, really icky interesting bug."Using this apartment as a base, Nolly and Kathleen had conducted some of the small skirmishes in the first phase of the war, including the ghost serenades. They left the place tidy. Indeed, the only sign that they had ever been here was a packet of dental floss left behind on the sill of a living-room window..The telephone was operative, and Vanadium dialed the number of the building superintendent, Sparky Vox. Sparky had an apartment in the basement, on the upper of two subterranean floors, adjacent to the garage entrance..He opened the solid doors on the bottom of the breakfront, did not find what he was looking for, checked in the sideboard next, and there it was, a small liquor supply. Scotch, gin, vodka. He selected a full bottle of vodka.."He's crafty, you say. Can you use him?".Like a disc fish with silvery scales, the coin lay in the cup of Junior's palm. Directly over his life line..Evidently, Jacob had made a quick trip to his apartment over the garage and, with no thought for mice and dust, had not closed the back door. Junior said, "You've caused me a lot of trouble, you know." He'd been building a beautiful rage all night, thinking about what he'd been through because of the girl's temptress mother, whom he saw so clearly in this pint-size bitch. "So much trouble."Adding new growth to his forest of frustration, Tom got up from the study desk, fetched the newspaper from the front doorstep, and went to the kitchen to make his morning coffee. He boiled up a pot of strong brew and sat down at the knotty-pine table with a steaming mug full of black and sugarless solace..The paramedic, fingers pressed to the radial artery in Junior's right wrist, must have felt a rocket-quick acceleration in his pulse rate..Angel cocked her head and studied his left hand, which he had closed while opening his right. She pointed. "It's there."Seeing her, Joey leaped up front his armchair again. He managed to hold on to his book this time, but he stumbled into the footstool and nearly lost his balance..Wally and Celestina went to dinner at the Armenian restaurant from which he'd gotten takeout on the day in '65 that he rescued her and Angel from Neddy Gnathic. Red tablecloths, white dishes, dark wood paneling, a cluster of candles in red glasses on each table, air redolent of garlic and roasted peppers and cubeb and sizzling soujouk-plus a personable staff, largely of the owners' family-created an atmosphere as right for celebration as for intimate conversation, and Celestina expected to enjoy both, because this promised to be a most momentous day in more ways than one..The detective gazed at the cash as longingly as a glutton might stare at a custard pie, as intensely as a satyr might ogle a naked blonde. "Impossible. Too damn much integrity in their system. You might as well ask me to go to Buckingham Palace and fetch you a pair of the queen's undies."Junior opened his eyes and saw that only the second of the two rounds had found its intended mark. The first had cracked through the center of a cabinet door, surely shattering dishes within..Angel was adamant: "Nope. I could learn that. Like dressing myself and saying thank-you."Turning to face his four trailing escorts, all of whom were hunch shouldered and stiff-necked with tension, Barty said, "What's for dinner?".They came to her, picked up the luggage that she had put down, and Edom said, "I'll drive".Copyright (c) 1999 by Ursula K. Le Guin. "Dragonfly" first appeared in Legends..Industrial Woman, which he'd purchased for a little more than nine thousand dollars, less than eighteen months ago and at another gallery, would fetch at least thirty thousand in the current market, so rapidly had Bavor Poriferan's reputation risen..Clenching his right hand around the quarter, waving left hand over right, he intoned, "Jingle-jangle, mingle-jingle." Opening his right hand, he revealed that the coin had vanished..She must have sensed his assessment of her and realized that she had little chance of charming him, for she turned at once away and never looked in his direction again.
