With one tiny hand, Barty reached up for his mother. She gave him her

forefinger, to which the sugar-bag boy clung tenaciously..Fed up with them and with this exhibition, Junior half wished that he would again be stricken by violent nervous emesis. Even in his suffering, he would enjoy spraying these insistently appealing canvases with the reeking ejecta of his gut: criticism of the most pungent nature..Although the small tin-and-plastic harmonica was more toy than genuine instrument, the boy blew and siphoned surprisingly complex music from it. As far as Apes could tell, he never hit a sour tone..Bartholomew was an uncommon name, however, and logic suggested that if the baby was now called Bartholomew, he'd been named for his adoptive dad. Therefore, a search of the listings might be fruitful..Assuming that the boy had closed his eyes and was talking to himself, somewhere between his self-told bedtime story and a dream, Agnes retreated from the room, pulling the door only half shut behind her..If the ace of diamonds, in quartet, must be taken seriously, then why not the rest of the draw?.Suddenly she realized-Good Lord!-that someone else had a had inside her, up the very center of her, massaging her uterus in the same lazy pattern as that made by the piece of melting ice on her belly..As she struggled to cope with her loss, the last thing Agnes needed was the reminder posed by that empty chair. Maria's intentions were good, however, and Agnes didn't want to hurt her feelings..The short walk across the room, to the hero's table, looked more daunting to Paul than the trek he'd just completed. He was nobody, a small-town pharmacist who missed more work each month, who relied increasingly on his worried employees to cover for him, and who would lose his business if he didn't get a grip on himself. He had never done a great deed, never saved a life. He had no right to impose upon this man, and now he knew he hadn't the nerve to do so, either..Angel," Phimie said urgently, and then, with an effort that made a blood vessel swell.Occasionally, when Junior returned home from a day of gallery hopping or an evening at a restaurant, Industrial Woman-the artist's title-scared away his mellow mood. More than once, he'd cried out in alarm before realizing this was just his prized Poriferan.. "Not really. I love you, Mommy." He yawned and dropped into sleep with a quickness that always amazed her. And then everything changed in one stunning moment. Changed profoundly and forever..Onto its roof now, the Pontiac spun as it slid, grinding loudly against the blacktop, and regardless of how determinedly Agnes held on, she was being pulled out of her seat, toward the inverted ceiling and also backward. Her forehead knocked hard into the thin overhead padding, and her back wrenched against the headrest..Rising from the chair and approaching the bed, the detective kept turning the quarter without hesitation. "She was a very sweet girl. Very romantic. Her diary's full of rhapsodies about married life, about you. She thought you were the finest man she'd ever known and the perfect husband..".As she comes closer to full term," said Dairies, "she's at great risk of preeclampsia developing into full eclampsia..".During the girl's final appointment, Junior discovered she would be home alone that same night, her parents at a function she wasn't required to attend. She appeared to reveal this inadvertently, quite innocently; however, Junior was a bloodhound when it came to smelling seduction, regardless of how subtle the scent..The boy's difference was defined as much by what he didn't do as by what he did. For one thing, he didn't observe the Terrible Twos, the period of toddler rebellion that usually frayed the nerves of the most patient parents. No tantrums for the Pie Lady's son, no bossiness, no crankiness..The striking resemblance between this artist and Seraphim, as well as the facts in the biographical sketch under the photo, argued that the two were sisters..Paul realized that the kitchen had fallen silent, that the women had turned to the two children and now stood as motionless as figures in a waxworks tableau..And like John Kennedy's death, Zedd's passing was cloaked in mystery, inspiring widespread suspicion of conspiracy. Only a few believed that he had committed suicide, and Junior was certainly not one of those gullible fools. Caesar Zedd, author of *You Have a Right to Be Happy*, would never have blown his brains out with a shotgun, as the authorities preferred the public to believe..A sense of fellowship in extraordinary times drew everyone closer, to hug, to touch, to share the wonder. For a long moment, even in the symphony of the storm, in spite of all the plink-tink-hiss-plop-rattle that arose from every rain-beaten work of man and nature, they seemed to stand here in a hush as deep as Tom had ever heard.. "I'm not sad," Tom said, "because though I have this face here in this world, I know there's another me-in fact, lots of other Tom Vanadiums-who don't have this face at all. Somewhere I'm doing just fine, thank you..".Solitude, however, was his preference. He found the sympathy of friends unbearable, a constant reminder that Perri was gone..The bow business had started a few months ago. Angel said she wanted to look pretty in her sleep, in case she met a handsome prince in her dreams..Beautiful she was, both of face and form, even with her mouth gaping wide and her eyes rolled back in her skull. How bright her future might have been if she had not chosen to deceive. A tease was, in essence, a deceiver-promising what she never intended to deliver..He surprised himself by sitting up in bed and shouting, "Shut up, shut up, shut up!".Hesitantly, the ivory tickler shook hands. "I'm ... uh ... I'm Ned Gnathic. Everyone calls me Neddy..".But the boy played no tricks against his father. He took his beatings in silence and learned to hide his gift.. "And," Joshua cautioned, "you better prepare for a long day. I'm pretty sure Dr. Chan will want to consult with an oncologist..".In the car again, a block from home, Barty said, "Maybe you could just not tell Uncle Edom and Uncle Jacob until Sunday night. They won't handle it real well. You know?".Junior glanced over his shoulder even as Celestina turned and fled. He caught only a glimpse of her disappearing into the inner hallway..In January '65, while Vanadium had been in the first month of what proved to be an eight-month coma, Enoch Cain had sought Nolly's assistance in a search for Seraphim's newborn child. When Vanadium had learned about this from Magusson long after the event, he assumed that Cain had heard Max Bellini's message on his answering machine, made the connection with Seraphim's death in an "accident" in San Francisco, and set out to find the child because it was his. Fatherhood was the only imaginable reason for his interest in the baby..He told her that he loved her, and she slipped away upon his words. As she went, the haggard look of the terminal leukemic patient passed from her, and before the gray mask of death replaced it, he saw the beauty he had preserved in memory when he was three, before they took his eyes, saw it so briefly, as if something transforming welled out of her, a perfect light, her essence..While Jacob had shuffled, Agnes had taken little Barty from his bassinet into her arms. She was surprised and discomfited to discover that the baby was to have his fortune told first..Nolly liked to watch her hands while she worked. They were slim, graceful, the hands of an adolescent girl.. "You must've slipped this one in my pocket when you first came in here," Nolly deduced..She lay beside her boy in the darkness, gazing at the covered window, where the faint glow of the moon pressed through the blind, suggesting another world thriving with strange life just beyond a thin membrane of light..Certain the caller was the police operator, Junior screamed as though in agony, wondering if his cries sounded genuine, since he'd had no opportunity to rehearse. Then, in spite of the painkiller, his cries suddenly were genuine..Throughout the day, he tried not to think about the four knaves. But he was an obsessive, of course, so in spite of all his trying, he did not succeed..Tom Vanadium was too unnerved by the Cain scare to be interested in the newspaper anymore. The strong black coffee, superb before, tasted bitter now..This was one of many things about Agnes that amazed Edom. If he had dared to make a list of all the qualities that he

admired in her, he would have sunk into despair at the consideration of how much better she had coped with adversity than either he or Jacob. These would no doubt be cloyingly sentimental paintings of the bastard boy, with impossibly large and limpid eyes, posed cutely with puppies and kittens, pictures better suited for cheap calendars than for gallery walls, and dangerous to the health of diabetics. Murder itself was easy, but the aftermath was more draining than he had anticipated. Although the ultimate liability settlement with the state was certain to leave him financially secure for life, the stress was so great that he wondered, in his darker moments, if the reward would prove to be worth the risk. In Oregon, standing at Junior Cain's bedside, turning a quarter across the knuckles of his left hand, Thomas Vanadium asks about the name that his suspect had spoken in the grip of a nightmare. "You're the one who said your cold's just here. Maybe it stays in the kitchen, hoping it'll get a piece of pie." So burning with anger was he that his car, by direct thermal transmission from his hands upon the wheel, should have been glowing cherry red in the January night, should have been scorching tunnels of clear dry air through the cold fog. Rancor, virulence, acrimony, vehemence: All words learned for the purpose of self-improvement were useless to him now, because none adequately conveyed the merest minimum of his anger, which swelled as vast and molten as the sun, far more formidable than his assiduously enhanced vocabulary. After the paralytic bladder seizures had passed and Junior had drained Lake Mead, Chicane recommended plenty of caffeine and sugar to guard against an unlikely but not impossible spontaneous return to a trance state. "Anyway, after pumping alpha waves for as long as you just did, you shouldn't actually need to sleep anytime soon." Mary Lampion, little light, was home-schooled as her father and mother had been. But she didn't study just reading, writing, and arithmetic. Gradually she developed a range of fascinating talents not taught in any school, and she went exploring in a great number of the many ways things are, journeying to worlds right here but unseen. With all twelve fragments destroyed, the curse should have been lifted from little Bartholomew: the threat of the unknown, violent enemy who was represented by the four knaves. Somewhere in the world, an evil man existed who would one day have killed Barty, but now his journey through life would take him elsewhere. Eleven saints had been given twelve shares of responsibility for lifting this curse. Celestina rose, heart suddenly clumping in her breast, like heavy footsteps hurrying away from an approaching bearer of bad news, but she herself couldn't run, could only stand rooted in her hope and hear in her mind six versions of a bleak prognosis in the two seconds before the doctor actually spoke. "Well, maybe you're right," Bellini said somewhat acerbically, before departing, "but then you've had the advantage of an illegal search, while I'm hampered by such niceties as warrants." Her voice was flat and a little hard. Another man might have mistaken her tone for disapproval, for impatience, even for quiet anger. The past three years had given Wally much to celebrate, as well. After selling his medical practice and taking an eight-month hiatus from the sixty-hour work weeks he had endured for so long, he'd been giving twenty-four hours of free service to a pediatric clinic each week, providing care to the disadvantaged. He'd worked hard all his life, and saved diligently, and now he was able to focus solely on those activities that gave him the greatest gratification. Junior approached the headstone from behind, circled it, and shone the flashlight on the chiseled facts. Although she would have felt ridiculous phrasing this question in these words to any other three-year-old, no better way existed to ask it of her special son: "Kiddo ... do you realize you're speaking of your dad in the present tense?" Junior realized that thick drool oozed out of the right corner of his mouth. Shakily, he raised one hand to wipe his face. The deejay announced song number four for the week: the Beatles' "She's a Woman." The Fab Four filled the Studebaker with music. The musician's eyes met Junior's for an instant, widening with surprise. Obviously he knew that Gammoner was a lie. So he must be aware of Junior's real identity. Someone she had known. Someone Celestina, too, might know. He lived in or around Spruce Hills, because Phimie had considered him still to be a threat. Did she poison herself as well? Was it her intention to kill him and commit suicide? In the cab, pulling into traffic, the driver said, "The mister tells me you're the star of the show tonight." After the detective returned the box to the nightstand, the coin began to turn again. Bad news. Having been identified by another guest put Junior at risk of later being tied to the killing; having been recognized by a close personal friend of Celestina White's was even worse. It had become imperative now that he know why the pianist had been watching him from across the room with such intensity. He'd once spoken that very sentiment to her. Golden haze, sun in the heart. His words had melted her, tears had sprung into her eyes, and sex been better than ever. "No, no. But being around him so much, inevitably I absorb some details. He's a compelling speaker when the subject interests him." Magically, a shiny quarter appeared in Thomas Vanadium's right hand. It turned end over end, knuckle to knuckle, disappeared between thumb and forefinger, and reappeared at the little finger, beginning its cross-hand journey once more. Three times, the singing faded away, but twice, just when he thought that she had finished, she began to croon again. The third time, the silence lasted. Freed for the moment from the need to be strong for her sleeping Angel or for Wally, Celestina turned to Tom Vanadium, saw in his gray eyes both the sorrow of the world and a hope to match her own, saw in his ruined face the promise of triumph over evil, leaned against him for support, and finally dared to cry. "Money's no object. I can afford whatever you'd like to charge. And I'd be a diligent student." The attorney's admission surprised Junior. This was probably as close as Magusson would ever get to saying, Maybe you didn't kill your wife, after all, but he was by nature a nasty prick, so even an implied apology was more than Junior had ever expected to receive. For a while, she couldn't get enough air. Felt suffocated. She drew great, raw, shuddering breaths, and thought that she would never be able to quiet herself but quiet came.
